MUSIC STUDY CLUB'S ORGAN RECITAL DREW BIG CROWD LAST NIGHT

Considering the most inclement weather, the organ recital at the First Methodist church on last night, the feature of the opening meeting of the Bryan Music Study Club, received a fine attendance which greatly enjoyed the numbers presented by Mesdames H. O. Boatwright and Albert Goodman, assisted by Mrs. Wm. N. Sholl. The program was rendered in a most pleasing manner and according to the audience as they entered. The church had been decorated by the hostesses for this meeting, Mesdames J. N. Dulaney and Lynn Harter. Lavender and yellow chrysanthemums were hung in baskets and ferns decorated the rostrum. The following is the program as presented and which followed the programs which had been printed under the direction of Mrs. Gabe Cazell, president of the club: (a) Overture to Poet and Peasant, Suppe; (b) Midsummer Caprice, Edward Johnson, both by Mrs. H. O. Boatwright; (c) Reverie, Strauss; (d) The Nightingale and the Rose, Saint Saens, both by Mrs. Albert Goodman; (e) Andante in G, Edward Batiste; (f) Humoresque, Anton Dvorak, both numbers by Mrs. W. N. Sholl; (g) Sonata, Dudley Buck; (h) Variations on an American Air, J. V. Flagler, both by Mrs. Boatwright; (i) Intermezzo, Callerts; (j) Marche Des Rois Mages, Dubois, Mrs. Goodman. The response given by people of this vicinity to the program of last evening is an open invitation to the club to continue the plan and create in Bryan a love for, and desire of, the better music.

BAUGHMAN REQUESTS CONSOLIDATION TWO STATE DEPARTMENTS

AUSTIN, Dec. 3.—One of the Ferguson policies advocated during the campaign is already bearing fruit. C. E. Baughman, commissioner of markets and warehouses, in his annual report, recommends that his department be merged with the department of agriculture. Previous legislatures had almost accomplished this merger and now it appears to be a certainty. Mrs. Ferguson is demanding consolidation of bureaus and departments, and other similar economies. Mrs. Ferguson's first message to the Thirty-ninth legislature will repeat the campaign and platform demand for such amalgamation. Mr. Baughman also claims his department has obtained a better price for the prison system cotton than would ordinarily have been obtained.

RADIO IS WONDER OF AGE

And now comes the report from a family in Bryan who owns and enjoys to the fullest the wonderful invention of the age, the radio, that one night during the past week the members of the family, with a party of neighbor friends who had come in to hear the regular evening program of the finest music over the radio, enjoyed an old time "square dance" in the home sitting to music and at the direction of the "caller of figures" sent out from the Montgomery and Ward establishment in Chicago. Those who were present declare the music and the voice of the man "calling the set" as just as loud and perfect as if they were in the room with the Bryan dancers.

TAFT RANCH BUYS A \$25,000 JERSEY SIRE

Prof. Geo. P. Grout of A. and M. College, who has charge of constructive breeding of Jersey cattle at the large Taft ranch has just purchased the \$25,000 Masterman of Oaklands for this herd. In this section of the "Black Land" district are some of the very finest Jerseys in the state of Texas and Taft ranch has recently purchased about 400 of the queens of the dairy world. Masterman of Oaklands was purchased of S. A. Guy, Crosbyton, Texas, and will be shipped tomorrow. By many this bull is considered one of the best Jersey sires in the world. The Kings ranch at Kingsville, Texas, recently paid \$14,000 for Combination Premier in his 14 year-old form. Shows a substantial annual loss, Post-Oaklands. In point of numbers as well as quality Texas stands next to the top in Jersey cattle.

LOW TEMPERATURES WILL BE REGISTERED DURING NEXT 24 TO 36 HOURS

TEMPERATURE 24 TO 30

(By Associated Press). DALLAS, Dec. 3.—Freezing weather in North and West Texas within the next 24 to 36 hours, with 22 to 30 degrees of temperature in the North Panhandle, was forecast by the Dallas Weather Bureau in a shipper's warning issued today.

INTERESTING PROGRAM LIONS CLUB MEETING PARISH HOUSE TUES.

There was a good attendance, a splendid dinner, a fine program and unusual interest in the regular Tuesday noon luncheon meeting of the Lions Club of Bryan at their meeting place, the dining room of the Episcopal parish house. E. J. Hunt was in charge of the program for the day and Lion Jess Cook presided over the meeting in the absence of President C. A. Searcy, who could not be on hand.

The first speaker on the program was Pat Newton, who, it was said, would tell the Lions present how to get wealthy running a bank. Pat, in true eloquent fashion, explained that he represented the class of "deck hands" which "Rip" Erskine formerly belonged to. Further elucidating, he stated that "deck hands" meant those who did the real hard labor while the higher officials put up the front and filled dinner, golf and other pleasurable dates and attended society functions.

Interesting Talk On China. Pat gave a splendid talk, well-delivered, on banking in general, as well as anyone could have told it in the brief space of time allotted for his classification talk. He took up the contrast between the small town and city banking, and the personal touch of the former against the rather cold-blooded methods of the latter. Lion Newton also took up in detail explained the advantages of this wonderful banking system that financed this country through the greatest war that history has known.

Dr. L. O. Wilkerson, recently returned from China, was asked by Program Leader Hunt to speak on some topic pertaining to his work abroad, and he courteously responded with a most interesting discourse on China, particularly with reference to the recent war and the character of the "Christian General" who was converted by one of the American missionary women, who volunteered to give her life to save those of others who had been captured. The "Christian General" then became interested in a people and religion who would so cheerfully give a life for others and resulted in his adoption of the Christian religion.

A Wonderful Army. Dr. Wilkerson then took up the army of this famous general, stating that it was one of the most unique in the world, did not smoke, drink, swear, or indulge in any other bad habit; that it read the Bible every day, enjoyed at least one church service per day and sang hymns at it marched to battle or hiked from one place to another; and that it was the best equipped, best educated and best paid of Chinese armies and the most intelligent in appearance.

The meeting closed with a short address by George Long, the man who sells the A. and M. College of Texas to the people of this State and other states. He told of the victory of A. and M. in taking unofficially first place in the exhibits of 18 colleges at Chicago not long ago. He told of the special agricultural trains and the work he does at fairs in showing the work that A. and M. does. He said that he also had to give out many facts about Bryan and its advantages as a place to reside as an aid to his work in furthering the work of the College.

Those present were: J. Bryan Miller, L. L. Stephens, R. L. Brown, E. J. Hunt, R. V. Armstrong, M. M. Erskine, T. A. Munson, Pat Newton, Tom Suber, Dr. L. O. Wilkerson, Jess M. Cook, Geo. A. Long, P. C. John, J. Coulter Smith, W. N. Sholl, Theo. H. Thomsen, W. E. Neely, E. V. Spence, Lamar Jones, Miss Ruth Knox, pianist, and H. D. Cuykendall of the Bryan Eagle.

RAINFALL DURING PAST TWENTY-FOUR HOURS ONLY AMOUNTED TO .17 INCH

According to the government rain gauge maintained and read by the Eagle Printing Company, .17 inch of rain fell from 8 o'clock Tuesday morning to 8 o'clock Wednesday morning. This is slightly more than 1-6 of an inch.

Wealthy Banker Is Found Dead Amid Scene of Poverty

(By Associated Press). PITTSBURGH, Dec. 3.—A story of a wealthy southern banker who left a fortune of \$500,000 and his home and business after a quarrel with his wife, was told to the police today as the body of Jesse L. Lemon was sent to his former home in Acworth, Ga. The former banker had been working as a collector for a sewing machine company here for \$18 a week. He died last Friday in a poorly furnished room which he shared with a fellow employee. He did not have a physician in his last illness.

Barred From Home. Guy L. Snyder, a fellow employee, said Lemon told him when he came here three years ago, that he had quarreled with his wife over some trifling matter 11 years ago. When he went home after the quarrel, Snyder said, the doors of his house were locked, and Lemon went to the bank, drew out \$1,800 and left Acworth. Snyder said he did not know where Lemon passed the eight years before coming to Pittsburgh.

Son Killed In France. Newspaper clippings found in Lemon's pockets showed he had a son, Millard Lemon, who was killed in France during the war. A brother, William Lemon, of Sulphur Springs, Texas, is believed to survive him. A telegram was sent to Maria Nichols, a cousin, of Acworth, Ga., who sent money and directed that the body be sent there for burial.

DAILY COTTON LETTER

(H. and H. Beer Daily Cotton Letter. Received by A. S. McCollum, Bryan). NEW ORLEANS, La., Dec. 3.—Today the market remained under the depressing influences of increasing crop estimates and large estimate as to ginnings to December 1. Beneficial rains were reported from Texas especially from Southern portions which will permit of plowing for the next crop. Rain is needed all over the belt to soften the soil for winter plowing.

The weekly weather and crop government report was favorable. Washington summary reading: "The clear, dry weather in the northern portion of belt was favorable for picking the remnants of the crop. This work has been nearly finished in the North-western districts and is well along in the northwest. Probably about ten per cent of the crop remains ungathered in North Carolina, and some scattered picking continues in Northern South Carolina. Considerable cotton still is going to gins in New Mexico."

Government Report on 8th.

Several additional private crop estimates were issued today, ranging from 12,907,000 bales to 13,675,000, exclusive of linters, and the Fossick Bureau, Memphis, Tennessee, estimates 12,300,000 as having been ginned to December 1st. The average of nine private crop estimates issued so far is 13,225,000 bales and the average of 3 private reports as to ginnings to first, is for a gin output of 12,241,000 bales. In event of the government report, next Monday, indicating a yield of 13,300,000 bales or more, market will likely decline, probably advance temporarily if 13,100,000 or less. The government crop estimate will not include linters. The previous government estimate was for a crop of 12,992,000 bales. Pending the receipt of the government's final crop estimate next Monday the market is likely to rule nervous and erratic. Because of the uncertainty attending the official crop forecast, due December 8th, trading in raw sugar and cotton goods has been somewhat restricted of late.

POST OFFICE SERVICE RUNNING AT A LOSS

(By Associated Press). WASHINGTON, Dec. 3.—With the exception of first class mail and the postal savings, every service conducted by the Postoffice Department This is the first time since the master General New informed the Senate today. This statement is made as a result of a far-reaching investigation.

VETERANS BUREAU IN BETTER SERVICE AT MUCH LESS COST

(By Associated Press). WASHINGTON, Dec. 3.—The policy of the Veterans' Bureau in "taking the Bureau to the man" through decentralization of its activities, has resulted in a greatly increased service on behalf of World War veterans, Director Hines declared in his annual report today to Congress. During the fiscal year ending June 30, disbursements for all veterans activities totaled \$115,138,390, a decrease of nearly \$28,000,000 from the previous year's total reported, it is said.

PRESIDENT'S MESSAGE BEEN SENT TO CONGRESS—WORK IS STARTED

House Will First Take Up Interior Department's Appropriation Bill and Senate Will Give Attention to General Legislation Until House Sends Measures First Worked on To Senate for Action.

(By Associated Press). WASHINGTON, Dec. 3.—The last of the formalities incident to the opening of the final session of the 68th Congress was performed today with the transmission of President Calvin Coolidge's annual message, embodying his recommendations for legislation. Having more or less marked time awaiting the receipt of this document, Congress will get down immediately to the serious work of the session. The House will begin consideration of the first of the appropriation bills, that of the Interior Department and the Senate will give its attention to general legislation pending the receipt of the supply measure from the House.

FORD NON-COMMITTAL ON MUSCLE SHOALS

(By Associated Press). WASHINGTON, Dec. 3.—Henry Ford today declined to commit himself on the proposal to renew his Muscle Shoals bid. A request that Ford submit himself on the proposal was telegraphed the manufacturer yesterday by Senators McKellar of Tennessee and Heflin of Alabama Democrats.

THREE TRAINMEN ARE KILLED KATY WRECK

(By Associated Press). HENRYETTA, Dec. 3.—Three trainmen were injured today when two freight trains on the Missouri-Kansas-Texas Railroad collided near here. Mixed train orders was the unofficial explanation of the accident.

BIBLE CLASSES ELECT NEW TERM OFFICERS

At the monthly business session of the Friendship Bible Class and the Homemakers' Class, held jointly on last Monday evening, officers for the two classes for the ensuing term were elected, as follows: Friendship Class, Miss Willie Belle Johnson, president; Miss Nora Ward, first vice president; Miss Artie Lou Smith, second vice president; Miss Evelyn Crawford, third vice president; Miss Reba Dick, secretary; Miss Bess Withers, assistant secretary; Miss Mable Steffey, treasurer; Mrs. Albert Buchanan, teacher; Mrs. Velma Graham, assistant teacher; Miss Ethel Evans, reporter.

Homemakers' Class: Mrs. Roy Nunn, president; Mrs. Thomas O. Stewart, first vice president; Mrs. McDuff Simpson, second vice president; Mrs. G. W. Parkinson, third vice president; Mrs. Eric Fletcher, secretary; Mrs. Roy Wilson, assistant secretary; Mrs. Mary L. Birdsong, treasurer; Mrs. Albert Buchanan, teacher; Mrs. Esther D. Calloway, assistant teacher; Mrs. N. L. McCullough, reporter.

Officers To Be Honored. The newly elected officers will be guests of honor at the December social which will be in the form of a Christmas party, with Mrs. Jimmie Page as hostess. At this party, also, the two classes will pack their annual Christmas box of new stockings filled with candies, nuts and toys for the children at Buckner Orphan Home, Dallas. This gift of new stockings at Christmas time has become a fixed custom with these two classes, and the members find great joy and blessing in preparing the box. Last Christmas the classes sent eighty-five pairs of stockings filled with Christmas cheer. The committees are already at work to make the 1924 Christmas offering the largest yet given.

Mrs. Lee J. Rountree and Miss Violet Short left this afternoon to attend the Texas Editors' Association, which is meeting in Galveston on December 4th and 5th, and in Houston on December 6.

Mr. and Mrs. Leo Daniels now occupy the new cottage on the corner of South Washington avenue and East 30th street, which they recently purchased from Mr. and Mrs. R. J. McDonald of Madisonville. Mr. and Mrs. Thompson of College have taken an apartment with Mr. and Mrs. Daniels for the winter.

Mr. and Mrs. E. H. Fitzgerald and little son of Pawhuska, Oklahoma, have arrived in Bryan to make this city their home.

ALVIA TOWNSLEY FOUND "GUILTY"

SLAYER OF REPRESENTATIVE FIELDS WILL SPEND LIFE IN STATE PENITENTIARY

GIVEN A LIFE SENTENCE

(By Associated Press). GEORGETOWN, Dec. 3.—After deliberating three hours Tuesday afternoon, the jury in the trial of Alvia Townsley, charged with the murder of State Representative Charles Fields of Giddings here October 17, returned a verdict of guilty and assessed punishment at life imprisonment in the State penitentiary. The jury came in at 2:45 p. m. Following is the verdict: "We, the jury, find the defendant guilty of murder as charged in the indictment, and assess his punishment at life imprisonment in the State penitentiary." Townsley heard the reading of the verdict without emotion. His attorneys will file a motion for a new trial.

Death Penalty Asked. The shooting of Fields just before the end of a football game between the Giddings and Georgetown high school elevens created intense feeling and Townsley was taken to Austin for temporary safekeeping. Townsley had argued with the Giddings coach during the game. Representative Fields, accompanied by his brother, Mayor John Fields of Giddings, sought to end the argument. Later, as the Fields brothers left the football field, they were halted by Townsley. The affair ended in the shooting of Charles Fields. In closing his argument for the State on Tuesday morning, District Attorney Dan Moody, who is attorney general-elect of Texas, pleaded for the death penalty.

The "Christian General" then became interested in a people and religion who would so cheerfully give a life for others and resulted in his adoption of the Christian religion.

A Wonderful Army.

Dr. Wilkerson then took up the army of this famous general, stating that it was one of the most unique in the world, did not smoke, drink, swear, or indulge in any other bad habit; that it read the Bible every day, enjoyed at least one church service per day and sang hymns as it marched to battle or hiked from one place to another; and that it was the best equipped, best educated and best paid of Chinese armies and the most intelligent in appearance.

The meeting closed with a short address by George Long, the man who sells the A. and M. College of Texas to the people of this State and other states. He told of the victory of A. and M. in taking unofficially first place in the exhibits of 18 colleges at Chicago not long ago. He told of the special agricultural trains and the work he does at fairs in showing the work that A. and M. does. He said that he also had to give out many facts about Bryan and its advantages as a place to reside as an aid to his work in furthering the work of the College.

Those present were: J. Bryan Miller, L. L. Stephens, R. L. Brown, E. J. Hunt, R. V. Armstrong, M. M. Erskine, T. A. Munson, Pat Newton, Tom Suber, Dr. L. O. Wilkerson, Jess M. Cook, Geo. A. Long, P. C. John, J. Coulter Smith, W. N. Sholl, Theo. H. Thomson, W. E. Neeley, E. V. Spence, Lamar Jones, Miss Ruth Knox, pianist, and H. D. Cuykendall of the Bryan Eagle.

RAINFALL DURING PAST TWENTY-FOUR HOURS ONLY AMOUNTED TO .17 INCH

According to the government rain gauge maintained and read by the Eagle Printing Company, .17 inch of rain fell from 8 o'clock Tuesday morning to 8 o'clock Wednesday morning. This is slightly more than 1-6 of an inch.

Wealthy Banker Is Found Dead Amid Scene of Poverty

(By Associated Press).
PITTSBURGH, Dec. 3.—A story of a wealthy southern banker who left a fortune of \$500,000 and his home and business after a quarrel with his wife, was told to the police today as the body of Jesse L. Lemon was sent to his former home in Acworth, Ga. The former banker had been working as a collector for a sewing machine company here for \$18 a week. He died last Friday in a poorly furnished room which he shared with a fellow employee. He did not have a physician in his last illness.

Barred From Home.

Guy L. Snyder, a fellow employee, said Lemon told him when he came here three years ago, that he had quarreled with his wife over some trifling matter 11 years ago. When he went home after the quarrel, Snyder said, the doors of his house were locked, and Lemon went to the bank, drew out \$1,800 and left Acworth. Snyder said he did not know where Lemon passed the eight years before coming to Pittsburgh.

Son Killed In France.

Newspaper clippings found in Lemon's pockets showed he had a son, Millard Lemon, who was killed in France during the war. A brother, William Lemon, of Sulphur Springs, Texas, is believed to survive him. A telegram was sent to Maria Nichols, a cousin of Acworth, Ga., who sent money and directed that the body be sent there for burial.

DAILY COTTON LETTER

(H. and H. Beer Daily Cotton Letter. Received by A. S. McCollum, Bryan).
NEW ORLEANS, La., Dec. 3.—Today the market remained under the depressing influences of increasing crop estimates and large estimate as to ginnings to December 1. Beneficial rains were reported from Texas especially from Southern portions which will permit of plowing for the next crop. Rain is needed all over the belt to soften the soil for winter plowing.

The weekly weather and crop government report was favorable. Washington summary reading: "The clear, dry weather in the northern portion of the belt was favorable for picking the remnants of the crop. This work has been nearly finished in the North-western districts and is well along in the northwest. Probably about ten per cent of the crop remains ungathered in North Carolina, and some scattered picking continues in Northern South Carolina. Considerable cotton still is going to gins in New Mexico."

Government Report on 8th.

Several additional private crop estimates were issued today, ranging from 12,907,000 bales to 13,675,000, exclusive of linters, and the Fossick Bureau, Memphis, Tennessee, estimates 12,300,000 as having been ginned to December 1st. The average of nine private crop estimates issued so far is 13,225,000 bales and the average of 3 private reports as to ginnings to first, is for a gin output of 12,241,000 bales. In event of the government report, next Monday, indicating a yield of 13,300,000 bales or more, market will likely decline, probably advance temporarily if 13,100,000 or less. The government crop estimate will not include linters. The previous government estimate was for a crop of 12,992,000 bales. Pending the receipt of the government's final crop estimate next Monday the market is likely to rule nervous and erratic. Because of the uncertainty attending the official crop forecast, due December 8th, trading in raw sugar and cotton goods has been somewhat restricted of late.

VETERANS BUREAU IN BETTER SERVICE AT MUCH LESS COST

(By Associated Press).
WASHINGTON, Dec. 3.—The policy of the Veterans' Bureau in "taking the Bureau to the man" through decentralization of its activities, has resulted in a greatly increased service on behalf of World War veterans, Director Hines declared in his annual report today to Congress. During the fiscal year ending June 30, disbursements for all veterans activities totaled \$415,138,390, a decrease of nearly \$28,000,000 from the previous year's total reported, it is said.

PRESIDENT'S MESSAGE BEEN SENT TO CONGRESS--WORK IS STARTED

House Will First Take Up Interior Department's Appropriation Bill and Senate Will Give Attention to General Legislation Until House Sends Measures First Worked on To Senate for Action.

(By Associated Press)

WASHINGTON, Dec. 3.—The last of the formalities incident to the opening of the final session of the 68th Congress was performed today with the transmission of President Calvin Coolidge's annual message, embodying his recommendations for legislation. Having more or less marked time awaiting the receipt of this document, Congress will get down immediately to the serious work of the session. The House will begin consideration of the first of the appropriation bills, that of the Interior Department and the Senate will give its attention to general legislation pending the receipt of the supply measure from the House.

HENRYETTA, Dec. 3.—Three trainmen were injured today when two freight trains on the Missouri-Kansas-Texas Railroad collided near here. Mixed train orders was the unofficial explanation of the accident.

BIBLE CLASSES ELECT NEW TERM OFFICERS

At the monthly business session of the Friendship Bible Class and the Homemakers' Class, held jointly on last Monday evening, officers for the two classes for the ensuing term were elected, as follows: Friendship Class, Miss Willie Belle Johnson, president; Miss Nora Ward, first vice president; Miss Artie Lou Smith, second vice president; Miss Evelyn Crawford, third vice president; Miss Reba Dick, secretary; Miss Bess Withers, assistant secretary; Miss Mable Steffey, treasurer; Mrs. Albert Buchanan, teacher; Mrs. Velma Graham, assistant teacher; Miss Ethel Evans, reporter.

Homemakers' Class: Mrs. Roy Nunn, president; Mrs. Thomas O. Stewart, first vice president; Mrs. McDuff Simpson, second vice president; Mrs. G. W. Parkinson, third vice president; Mrs. Eric Fletcher, secretary; Mrs. Roy Wilson, assistant secretary; Mrs. Mary L. Birdsong, treasurer; Mrs. Albert Buchanan, teacher; Mrs. Esther D. Calloway, assistant teacher; Mrs. N. L. McCullough, reporter.

Officers To Be Honored.

The newly elected officers will be guests of honor at the December social which will be in the form of a Christmas party, with Mrs. Jimmie Page as hostess. At this party, also, the two classes will pack their annual Christmas box of new stockings filled with candies, nuts and toys for the children at Buckner Orphan Home, Dallas. This gift of new stockings at Christmas time has become a fixed custom with these two classes, and the members find great joy and blessing in preparing the box. Last Christmas the classes sent eighty-five pairs of stockings filled with Christmas cheer. The committees are already at work to make the 1924 Christmas offering the largest yet given.

Mrs. Lee J. Rountree and Miss Violet Short left this afternoon to attend the Texas Editors' Association, which is meeting in Galveston on December 4th and 5th, and in Houston on December 6.

Mr. and Mrs. E. H. Fitzgerald and little son of Pawhuska, Oklahoma, have arrived in Bryan to make this city their home.

ALVIA TOWNSLEY FOUND "GUILTY"

SLAYER OF REPRESENTATIVE FIELDS WILL SPEND LIFE IN STATE PENITENTIARY

GIVEN A LIFE SENTENCE

(By Associated Press).
GEORGETOWN, Dec. 3.—After deliberating three hours Tuesday afternoon, the jury in the trial of Alvia Townsley, charged with the murder of State Representative Charles Fields of Giddings here October 17, returned a verdict of guilty and assessed punishment at life imprisonment in the State penitentiary. The jury came in at 2:45 p. m. Following is the verdict: "We, the jury, find the defendant guilty of murder as charged in the indictment, and assess his punishment at life imprisonment in the State penitentiary." Townsley heard the reading of the verdict without emotion. His attorneys will file a motion for a new trial.

Death Penalty Asked.

TABOR WOMAN'S CLUB FEAST CLUB GIRLS

Miss Effie Rice, club reporter for Tabor interestingly of the Woman's Home Demonstration Club meeting at Tabor school on December 1st, when the women served refreshments of hot chocolate and cake to the club girls. ANOTHER NEAR-TRAGEDY

The recent accident at the grade crossing of the H. & T. C. tracks on 28th street, which terminated most fortunately, everything considered, but brings to mind the idea which has been advocated by the Eagle for some time—that of having protective and barring arms erected to block the crossing when a train approaches. Warnings of impending danger are scarcely practical in a busy city like Bryan where sight of the track is blocked and the noise of industry drowns out warning signals. It is time to do something before life is further endangered and this matter should be taken up with the H. & T. C. through some local organization. To wait is but to leave a menace to life and property in effect and a constant peril to the public. Public safety demands that something be done.

"The second and third grades have a Pig Pen and those who come to school with dirty hands, face or nails and with hair not combed or teeth not washed, get their names in this pen," so reads a paragraph from the Gordon Echo. "Cleanliness is next to Godliness." We believe it is gospel to both practice and preach and the idea as adopted by the Gordon school isn't a bad one for starting the young ones out toward cleanliness. And it might not be amiss for some of the grown-ups to emulate.

The name of Ottomar Mergenthaler doesn't mean much to a reader. But it was he who invented the linotype machine and made it possible for the large daily newspaper of today. This machine, with the paper mill, and printing presses, is the big factor in the spreading of the printed news. Recently a memorial tablet was placed on the little house where he was born in a small German village. Germany is late giving recognition to so deserved a genius, but as the years go by and his star shines brighter, the fame of the war dogs in Germany will grow less.

"As a rule, which might well be regarded as universal in the practice of medicine, alcohol in the treatment of diseases is an evil. In ordinary doses and in continuous use the sum of its reactions increases exhaustion which may terminate in fatal results. Alcohol should never be given to children. The normal functions of the cell in growth and development of the child can be seriously damaged by alcohol," said Dr. Van Duyon, professor of history of medicine, at Syracuse. That ought to be good argument against the sale of intoxicating liquors in drug stores.

It goes without saying, wherever Governor Pat M. Neff decides to locate and practice law after his term of office has expired, he will be an acquisition to that city it is rumored he will form a law partnership and make Houston his home. But be that as it may, Neff will belong to Texas and not any particular town.

Do you want to help Bryan while helping yourself? Then plant a few fruit and pecan trees in the home yard this fall. Nothing impresses the stranger quite so much as seeing the golden fruit on the trees about the homes. And besides an asset to your town it is an asset to your own bank account. Plant a few trees.

It took a United States Senator from the boundless west to get this one off: "The American hen, her son will never set."—Sam Miller in Mineral Wells Index.

It is human to "err"; it is cheap to "air" another's faults; it is luck to fall "hair," and its bad luck for your "hair" to fall. Some language we have, isn't it?

The Mustangs have made a record this year in football we predict won't be duplicated in many years, if ever in tying four conference games.

The time has arrived for your to do your Christmas shopping early.

Life is just one daily paper after another.

SPLENDID MUSIC AT UNION THANKSGIVING SERVICE THURSDAY

(From Saturday's Daily)

The Thanksgiving service as announced was held at the Christian church. A splendid crowd assembled and engaged in the worship very heartily. The duet rendered by Mr. and Mrs. Ward was beautiful and sparked with joy and gladness. Edgar Buchanan gave a vocal solo, "I Am a Pilgrim," which was timely and well received. The heartiness with which the congregation sang Coronation and "America" was uplifting. Dr. Held's address was timely. He brought the matter of Thanksgiving in detail into our vital life. His words were highly appreciated. The offering taken for the Pastors' Union was gratifying. In all, it was a very spiritual and uplifting service.

Dr. H. W. Miller was in the city today on business.

BAPTISTS SENT BOX TO BUCKNER ORPHANS ON THANKSGIVING DAY

(From Saturday's Daily)

As announced, the women of the "first Baptist church of this city on last Tuesday met at the church and packed their annual Thanksgiving gift of home-made cookies to be sent to the children in Buckner's Orphan Home at Dallas. Five big boxes were filled with the delicious cakes this year, the five weighing 16.5 pounds. The cookies were unusually good and prepared with great care. There were plain cakes, nut cakes, raisin, oatmeal, sugar and other varieties of home-made cookies, and together they made up a generous and delicious gift. Mrs. J. W. Dyer, chairman of this work, was greatly pleased with the gift, and the hearty and generous response from the women. It was also noted that many women, outside the church, and several children also, asked to join in sending these cakes to the children at the home. To send this Thanksgiving box is an annual custom with the women of the First Baptist church, and the gift this year was one of the finest ever sent.

HARVEY HAPPENINGS

HARVEY, Nov. 29.—A good rain fell here Thursday morning which broke a drouth of five months with exception of two or three light rains one week in September. The rain was greatly welcomed for giving a little water to stock, but we will need more to fill the tanks, and fear it is to produce any grass for stock. There has been no gardening done as yet.

Quite a novel joy ride occurred on the Davidson farm about two weeks since, when two negro boys, Tobie and Albie Davidson, took a "Bee-ky" with their cotton sacks and voluntarily betook themselves to the cotton fields, where, by the light of the moon they spent an hour or two picking the last of their cotton in order that they might not lose time from school next day. How is that for industry and a desire for schooling.

Rev. R. L. Brown preached a forceful sermon on the authenticity of the Bible, ending with an excellent illustration from the radio, of the fact that we have to tune in to the station we desire to listen to, or we get no results. Thus it is he says why so many of us fail to get our desires; we do not keep in tune with God. Quite a number of Bryan people were present at the service, among them Mr. and Mrs. Bass Kelley, Mrs. White and little son, who was the guest of Mrs. Amon Williams; Mr. and Mrs. Victor Andrews and family, who were guests of Mr. and Mrs. Lee Andrews; Marshall Peters had for his guests, Griff Cloud and Mr. Wilcox. Miss Ethel Sellers is the guest of her sister, Mrs. Will Rains.

Dr. J. C. Davidson narrowly escaped a serious injury or perhaps death at the hands of some autoist Saturday afternoon. He was riding from his pasture, near home. He says he supposed the man gave warning, but as his hearing is very bad, he did not hear him and had no intimation of the approaching of the auto until he was struck on the foot by the fender and his horse knocked to one side. The man a stranger rushed on without pausing to see if he was hurt. He probably thought he would teach him a lesson, instead it aroused a feeling of contempt for one who has so little regard for another's life.

Aubrey Jones and Miss Annie Laurie Etheridge sprung quite a surprise on all of their friends and even their nearest relatives by quietly getting married Saturday night. We were expecting to hear wedding bells in that direction in the near future, but not quite so soon. However the whole community joins in wishing them much happiness in their new wedded life. The groom is the son of Mr. and Mrs. Will Jones and is a very worthy young man. Industrious, quiet, kind hearted and a loyal friend. He and his father own a fine herd of the big red cattle which consumes most of his time, but we have found that he is never too busy to do a favor for a friend. The bride is a beautiful young girl, with a sweet, amiable disposition, not much more than sixteen.

GARDNER'S TROOP OF BOY SCOUTS MET AT "HOME" LAST NIGHT

(From Saturday's Daily)

The Boy Scouts of C. R. Gardner's troop met at the Scout Home last night at 7 o'clock. The boys played some games, sang some Scout songs, and practiced tying knots. Those present were: Ewing Gaby, Curtis Cobb, George Smith, Philip Gaby, Noble Eden, Benny Griffin, Roy Carnes, Claude Slowey, George Slowey, Dominec Palermo, Tommie Palermo, Jewel Carroll, Jim Carroll, Freeman Key and Mack Price. This troop will meet next Friday night at Haswell's corner and then be carried to the Scout Home in cars. GEO. SMITH, Scribe.

BRITTEN HENDERSON OF KURTEN IS HEARD FROM

Today's mail brought post card greetings from Britten Henderson of Kurten, with a Fort Worth date line. Britten is the club boy who is representing Brazos county on the Free Trip Special of the Santa Fe Railway to Chicago, having made the highest record in the county of his club project. "We are having some good times in Fort Worth. Visited Armour's Packing House and Montgomery and Ward. Had a fine feast at Armour's. We leave for Chicago some time tonight. I found Mr. Fred Halle, who is in charge of the train, as good as pie," says Britten.

CARS OF W. S. BARRON AND DR. GEO. SUMNEY, JR., IN COLLISION IN BRYAN TODAY

(From Monday's Daily.)

The cars of Attorney W. S. Barron and Dr. George Sumney, Jr., of College Station, the latter occupied by Dr. and Mrs. Sumney, collided this afternoon at the corner of the Graham-Williams Motor Company, the Sumney car having one front wheel broken down and being pushed up on the curb at the side of the street. In a conversation between an Eagle reporter and W. S. Barron, the latter said that he wished to assume all responsibility for the occurrence as he was driving with material piled in the seat beside him so as to obstruct his view.

A. AND M. FIRST IN NO. POINTS SCORED—ALSO LEAST SCORED ON

(From Houston Chronicle)

Records of the football eleven that constituted the Southwestern conference during the season that ended Thursday show that the Texas Aggies, though fourth in rating, were first in the matter of scoring points and in protecting their own goal line from rampaging rivals. The Aggies ran up a total of 229 markers during their 10-game season, and permitted but 35 points to be scored against them. The champion Baylor team that won four conference games, lost none and tied one, scored but 159 points. Arkansas University, with 173 points, ranked third in crossing the old goal line.

Some Odd Jumbles.

The more a dooper pries into the affairs of this season and others, the more he becomes convinced that nothing can be offered as proof in football beyond the circumstance that the ball is oval. Figures derived from comparative scores are getting more and more valueless in this as in other sections.

This year for instance, Rice romped on Texas University 19 to 6; Texas A. and M. beat Rice 13 to 6. And to properly apply the cap to the bottle, Texas U. up and licks the Texas Aggies 7 to 0. A somewhat analogous state of affairs was produced in the 1915 season.

That distant year saw Texas while Rice 59 to 0 at Austin; saw Rice trim the Aggies 7 to 0 in Houston, and saw the Aggies thump Texas at College Station.

Such history boiled down shows that upsets will be upsets and that certain games on the season schedule are things apart and all that have preceded them may be tossed out of the window.

MISS ANN BENTLEY GREETED FRIENDS ON HER 10TH BIRTHDAY

On Saturday, afternoon from 2:30 to 5 o'clock, Ann Bentley celebrated her 10th birthday at the home of her parents, Mr. and Mrs. M. R. Bentley, on Bryan Street. At the above stated hour the guests began to arrive, each bearing a gift of remembrance and expressing happy wishes for the future to the delighted honoree.

Outdoor games were enjoyed for an hour on the lawn. Then all came indoors for additional games. And to enjoy a refreshment plate of cake, fruit gelatine, and wafers.

The smallest members of the party gathered about the huge cake adorned with ten burning tapers, each making a good wish for Ann's future and blowing out the flames at the signal of their hostess.

In serving the cake, Margaret Ward received the wishbone; Mary Jane Nall the button; Lillian Davis knowledge; Leona Mae Egan, the anchor; Robaline Smith, the thimble; Genevieve Barron, the clover leaf; Elinor Ann Ward, the dime.

Present were: Ollie Ruth and Georgia Belle Shaw, Betty Swallow, Lola and Genevieve Barron, Lillian and Frances Davis, Lillie Janick, Horace and Ruth Beard, Bobbie Hearne, Ruth Weddington, Margaret and Eleanor Ann Ward, Libby Linn Gardner, Ruth Johnson, Mary Jane Nall, Elsie Newcomb, Helen Fickey, Mildred, Oak and Kirby Joyce McKenzie, Dot Childs, Marie and Lyle Cuykendall, Elizabeth Lanham, Robaline Smith, Helen Miller, Leona Mae and Mary Bess Egan.

WEDDING ANNOUNCEMENT

Mr. and Mrs. Albert Haneman announce the approaching marriage of their daughter, Miss Lillian Haneman, to Mr. L. J. Dupuy, of Marlin, Thursday, December 4th, 2 p. m., at the First Methodist church, Bryan. The bride, Miss Haneman, was born and reared in Bryan, a graduate of Bryan high school, Texas University, and has also had training at Columbia University, New York. Trained and gifted for her profession, teaching, she has made an enviable record wherever she has taught. For the past four years she has taught Latin in the high school at Marlin. Added to her ability is a charming personality which wins for her friends. The groom is a representative of the Stickle Furniture Company, Grand Rapids, Michigan, a native Texan. By his dependability, trustworthiness and efficiency he holds a responsible position and the confidence of his friends.

P. S. Mangum, principal of the Edge school, has returned from a short business visit to Dallas.

MISS MERLE GANDY OF WELLBORN IS ATTACKED BY UNKNOWN ASSAILANT

Story Told by Daughter of Mr. and Mrs. Arthur Gandy is That Party Unknown Suddenly Seized Her, Choked Her Screams and Dragged Her to Bank of Nearby Tank—She Managed to Escape.

Local officers were summoned last night to the farm home of Mr. and Mrs. Arthur Gandy, four miles east of Wellborn on the Rock Prairie road. According to their report of the affair which led to their being called to the scene, as reported by Constable H. T. Wheelless and County Attorney Oak McKenzie, Miss Merle Gandy, 20-year old daughter of Mr. and Mrs. Arthur Gandy, stepped outside the house last night, just after dusk, about 7:00 and when but a short distance from it, was suddenly seized, choked to prevent any outcry, and dragged to the bank of a nearby tank. She managed to extricate herself from her assailant, it is said and screamed, before fleeing toward the house. Her folks met her about half-way to the house. She could not tell who her assailant was or whether he was negro or white. Officers who made the trip to Wellborn were: Constable H. T. Wheelless; Deputy Constable Frank Griffin; Night Officer Offa Williams, accompanied by Frank Fuller.

VICTORY OVER SAN MARCOS 20 TO 0 GIVES ALLEN HONORS IN ITS CLASS

The Allen Academy football team has returned to Bryan with the honors of the Texas Academy Football Conference as its laurels for the third consecutive year, having finished the work of attaining that end by defeating the fast San Marcos Baptist Academy by the decisive score of 20 to 0, on the Baptists' field on Wednesday afternoon. Allen's goal was only once endangered and that in the first few minutes of play when Allen fumbled three times in succession, due to poor passing of the center and the excitement and being wrought up for this championship game. These nine fumbles, each costing yardage, carried Allen's team back to near their own goal. The Allen team, however, settled down on their 20-yard line, gave Burgess the ball on an end run and he ran 80 yards for a touchdown, the first of the game and in the first four minutes of play. Later in the first quarter, Allen, playing quarterback, made a similar end run for 60 yards and the second touchdown. Barron kicked the second goal, having missed the first one. The second quarter was scoreless. San Marcos having tightened up and played better football. In the third quarter, however, Allen got away on another long end run and was tackled by the San Marcos defense just six inches short of a touchdown. The ball, however, was easily carried over on plunges. The stars for Allen Academy were: Burgess and Allen in the backfield; Seay, Nami and Meiers on the line. The linemen frequently blocked and smeared and blocked plays for losses by the Baptists. Ramsey and Albright were outstanding players for San Marcos, the former by his hard tackling and the latter for his speed on foot. Allen was penalized for a total of 275 yards for holding, according to Berry Halton, the head linesman for the game.

RUINS OF OLD BAYLOR COLLEGE AT OLD INDEPENDENCE HISTORIC SPOT

Dr. and Mrs. W. C. Fountain motored to Old Independence in Washington county Sunday and spent the day looking over the ruins of the old Baylor College, which have stood there for more than 70 years, for it was in 1845 that the charter for Baylor University was applied for and issued by the Republic of Texas. Since that time, generations have come and gone through its classic walls, but with the progress of the educational program of this fast developing state, it became necessary to move the seat of Baylor University to a larger and more accessible place, and Baylor College, the women's department, went to Belton and Baylor University was consolidated with Waco University at Waco, Texas, in 1885. Only ruins of the old walls now stand to remind the lookers on of the departed grandeur once given to this revered spot as the beginning of the Baptist educational work in Texas. Dr. and Mrs. Fountain enjoyed the day of reminiscence as spent amid the ruins of what was once the center of learning and culture in this great state in its pioneer days.

BRAZOS COUNTY COTTON GINNED TO NOVEMBER 14 AMOUNTED TO 18,529 BALES

(From Saturday's Daily)

There were 18,529 bales of cotton, including round bales counted as half bales, ginned in Brazos county from the crop of 1924, prior to November 14, as compared with 25,074 bales ginned up to the same date last year. This information comes from the government in a card to Joe F. Howard, statistician for the government for Brazos county.

CASH OFFERING BY PRESBYTERIANS ON SUNDAY, DECEMBER 14

Presbyterians in Brazos county are very much interested in a church wide program for Sunday, December 14th, at which time a cash offering will be taken according to the plan of the General Assembly of the Presbyterian church in every Presbyterian church in the South, for additional and improved equipment in the home and foreign mission fields. The plan adopted this year is for each congregation to be asked to contribute to a designated object and all churches in Brazos county have been asked to accept in connection with this equipment fund the following causes: Foreign mission fields, Hangchow Christian College in China; home mission fields: New churches in Texas.

The churches in this county asked to participate in this program with their pastors are: A. and M. College church, College Station, Rev. Fred Hancock; and First church, Bryan, Rev. Wm. N. Sholl.

The equipment fund is set up by the General Assembly of the Presbyterian Church in the United States to cover a ten-year period and the plan is to raise \$500,000 per year. Other Presbyterian churches in the different counties have also been requested to accept appropriate causes. The young peoples' or Christian Endeavor societies in all of the Presbyterian churches are asked to accept as their own particular causes, for foreign missions: Girl's School, Kwangju, Korea; for home missions, Beechwood Seminary, Heidelberg, Kentucky.

The Presbyterians in this county have shown a co-operative spirit in the great programs set up by the General Assembly's committees of the Presbyterian church, and their participation in this equipment fund will doubtless be in keeping with their reputation along these lines.

DR. WILKERSON AND FAMILY RETURN FROM MISSION WORK CHINA

"I am not a public speaker," said L. O. Wilkerson, but if he could be induced to talk he could tell some very interesting tales of life in China, especially as it appears to the medical profession, as he has just returned from China where he spent four years as a medical missionary for the Baptist church, Mr. and Mrs. Wilkerson and their baby daughter of one year old, arrived in Bryan on Saturday afternoon for a visit to Mrs. Wilkerson's parents, Mr. and Mrs. E. S. Wickes.

Dr. Wilkerson practiced medicine in Bryan during the years of 1919-20, and in January of 1921 left for China to take up medical missionary work for the Southern Baptist church. He first went to a language school at Peking, learning something of the Chinese language to be supplemented with subsequent usage of the language itself. He then went into the Rockefeller Foundation Hospital at Peking and was there for 18 months, practicing medicine and learning surgery. He was then given charge of the Southern Baptist Hospital at Cheng Chow, in Honan province.

Railroad Was Torn Up.

It was on account of his wife's health that it became necessary for them to return to the States, which they did by way of Europe. Due to the rail line from Nanking to Shanghai having been torn up in the recent warfare over the possession of the later city, it was necessary for them to make this part of the trip, from Peking to Shanghai, by boat on the Yangtze river. They then went to Hong Kong by boat, to Singapore, Port Swettenham, Penang, Colombo, Aden, Suez, Port Said, Marseilles and to Paris, where they spent three or four days, and a similar stop-over in London before sailing on the Belegaria from South Hampton for New York City. After one day in New York they entrained for Stanton, Tennessee. Mr. Wilkerson's old home, where they visited his people before coming on to Bryan for a visit with her folks.

Mr. Wilkerson and family will probably remain on a visit in Bryan until the new year. He has not yet decided where he will locate to practice medicine and surgery. He said he did not know whether he would open an office in Bryan for practice or not.

MISS WESA WEDDINGTON, PRINCIPAL OF BRYAN HIGH SCHOOL, IS HONORED

Miss Wesa Weddington, principal of the East Side School in Bryan, is in San Antonio attending the annual meeting of the State Teachers' convention. Miss Weddington spoke on Friday evening before the assembly, being the only woman officially placed on the program. Her subject was "The Uses and Abuses of Affiliation." That Miss Weddington is recognized as among the leading educators of the State has been often shown by the important positions to which she has been officially appointed, and the vital committee work to which she has been assigned. Bryan is again proud to note the exalted position which another of her daughters has attained, and delights to lay garlands of praise and appreciation at the feet of Miss Wesa Weddington.

MEMBERS BRYAN REVIEW EDITORIAL STAFF TO PRESS MEETING AT WACO

The Texas High School Press Association which meets at Baylor College, Belton, December 4, 5 and 6, will be attended by the following girls and boys from the Bryan High School weekly publication, "The Bryan Review": Kate Parker, managing editor; Lila Graham Bryan, editor-in-chief; Mary Jones, editor of feature department; Pauline McCulloch, reporter; Sara Moore Boyett, personal reporter; Charles Edge, advertising manager; Vergne Adams, editor joke department; Herry Weaver, special writer. This party of young journalists will be accompanied to Belton by their teacher and director in the work, Miss M. E. McCarty, head of the English department of the Bryan High School, who has been so efficient and so faithful in training these pupils in journalistic work. The Bryan Review is so creditably edited and gotten out, that much favorable comment has been received from other High School papers over the state and also from critics in the regular newspaper field. The citizens of Bryan are justly proud of the record already made by these high school pupils, and predict a real place for them at the Texas High School Press Association in Belton.

KINDERGARTEN CLASS MRS. D. P. GABY GAVE PARTY FOR PARENTS

The kindergarten class of Mrs. D. P. Gaby were hosts on Thanksgiving eve to their parents at the home of their teacher, and the occasion was one of more than usual interest and merit. In response to unique invitations issued, the parents responded at the appointed hour. They found the kindergarten rooms and the children in perfect readiness for their visit, and at once the Thanksgiving program began. Songs and readings by the children were enjoyed, after which a portrayal of the landing of the Pilgrim fathers at Plymouth, and the first Thanksgiving Day on American soil was wonderfully given by the children on the sand table. That Mrs. Gaby is teaching the truths of patriotic history, and is instilling into the hearts and minds of her pupils fundamentals that will remain through all their lives was plainly evidenced. This historic episode was portrayed on costume by the following: Irwin Lenz as Governor Carver; Robert Tatum, as Governor Bradford; Junior Dishman, John Alden; Chas. Felker, Miles Standish; Lyle Cuykendall, Somerset; John Egan, Massasoit; Boyd Williams, Squanto; John Dyer, the minister; Frances Daniels and Kirby Joyce McKenzie, Indian characters. The other children of the class represented Puritans. After the two-act play, Thanksgiving games were indulged in and the parents joined with the children and the hostess in the pleasures of the games. Mrs. W. E. Neeley and Mrs. J. W. Dyer won the favors offered as prizes in the game contests. Refreshments of cookies, tea and popcorn were served to all the guests, and the hour closed with many wishes for another such occasion soon. Parents present for the day were: Mesdames John Egan, G. W. Barnes, W. H. Darrow, Dishman, Jr., W. R. Thomas, Sr., W. R. Thomas, Jr., Mr. and Mrs. J. W. Dyer, Mrs. Charles Felker, Mr. and Mrs. Phillips, Mrs. J. W. Williams, Mrs. H. D. Cuykendall, Mrs. Hugo Lenz, Mrs. H. N. Cochran, Mrs. W. E. Neeley, Mrs. Morris Tatum, Mrs. J. W. Wiley and Mrs. Evans.

FAMILY REUNION IS HELD SUNDAY AT THE HOME OF JOHN CONLEE

No occasion is more enjoyed than a family reunion, where loved ones meet and talk over days gone by, and spend a whole day in happy conversation with another. Such a day was spent at the home of Mr. and Mrs. John D. Conlee in this city on Sunday, when the children and grandchildren of the home were invited to meet with Mrs. Emma Buchanan Keith, of Perryton, Texas, who has been here for a short visit. At the noon hour a delicious turkey dinner, beautifully served in the spacious dining room, was enjoyed, and in the afternoon many old time friends and neighbors of Mrs. Keith came in and joined the family circle already assembled. Those present at dinner were: Mr. and Mrs. Will Conlee, and children, Billie Frances and Alice Estelle; Mr. and Mrs. Jess Conlee, and son, Jack; Mr. and Mrs. R. C. Conlee, Vivian, Rosser Elaine and R. C. Conlee, Jr.; Miss Pansy Conlee of Humble, and Mrs. Ethel Edmunds and Mr. and Mrs. John D. Conlee.

V. G. GLAZENER IS MADE POULTRY SPECIALIST AT A. & M. SUCCEEDING EDSON

V. G. Glazener, at present the superintendent of the College poultry farm, has been made poultry specialist for the Extension Service department, succeeding E. O. Edson, who resigned some time back to leave the State. Mr. Glazener is Texas-reared and educated at A. and M. College.

Mr. and Mrs. Hugh Looney and little sons of Branchville were among the visitors in Bryan today.

ANOTHER NEAR-TRAGEDY

The recent accident at the grade crossing of the H. & T. C. tracks on 28th street, which terminated most fortunately, everything considered, but brings to mind the idea which has been advocated by the Eagle for some time—that of having protective and barring arms erected to block the crossing when a train approaches. Warnings of impending danger are scarcely practical in a busy city like Bryan where sight of the track is blocked and the noise of industry drowns out warning signals. It is time to do something before life is further endangered and this matter should be taken up with the H. & T. C. through some local organization. To wait is but to leave a menace to life and property in effect and a constant peril to the public. Public safety demands that something be done.

"The second and third grades have a Pig Pen and those who come to school with dirty hands, face or nails and with hair not combed or teeth not washed, get their names in this pen," so reads a paragraph from the Gordon Echo. "Cleanliness is next to Godliness." We believe it is good gospel to both practice and preach and the idea as adopted by the Gordon school isn't a bad one for starting the young ones out toward cleanliness. And it might not be amiss for some of the grown-ups to emulate.

The name of Ottomar Mergenthaler doesn't mean much to a reader. But it was he who invented the linotype machine and made it possible for the large daily newspaper of today. This machine, with the paper mill, and printing presses, is the big factor in the spreading of the printed news. Recently a memorial tablet was placed on the little house where he was born in a small German village. Germany is late giving recognition to so deserved a genius, but as the years go by and his star shines brighter, the fame of the war dogs in Germany will grow less.

"As a rule, which might well be regarded as universal in the practice of medicine, alcohol in the treatment of diseases is an evil. In ordinary doses and in continuous use the sum of its reactions increases exhaustion which may terminate in fatal results. Alcohol should never be given to children. The normal functions of the cell in growth and development of the child can be seriously damaged by alcohol," said Dr. Van Duyen, professor of history of medicine, at Syracuse. That ought to be good argument against the sale of intoxicating liquors in drug stores.

It goes without saying, whatever Governor Pat M. Neff decides to locate and practice law after his term of office has expired, he will be an acquisition to that city. It is rumored he will form a law partnership and make Houston his home. But be that as it may, Neff will belong to Texas and not any particular town.

Do you want to help Bryan while helping yourself? Then plant a few fruit and pecan trees in the home yard this fall. Nothing impresses the stranger quite so much as seeing the golden fruit on the trees about the homes. And besides an asset to your town it is an asset to your own bank account. Plant a few trees.

It took a United States Senator from the boundless west to get this one off: "The American hen, her son will never set."—Sam Miller in Mineral Wells Index.

It is human to "err"; it is cheap to "air" another's faults; it is luck to fall "hair," and its bad luck for your "hair" to fall. Some language we have, isn't it?

The Mustangs have made a record this year in football we predict won't be duplicated in many years, if ever, in tying four conference games.

The time has arrived for you to do your Christmas shopping early.

SPLENDID MUSIC AT UNION THANKSGIVING SERVICE THURSDAY

(From Saturday's Daily)

The Thanksgiving service as announced was held at the Christian church. A splendid crowd assembled and engaged in the worship very heartily. The duet rendered by Mr. and Mrs. Ward was beautiful and sparkled with joy and gladness. Edgar Buchanan gave a vocal solo, "I Am A Pilgrim," which was timely and well received. The heartiness with which the congregation sang Coronation and "America" was uplifting. Dr. Held's address was timely. He brought the matter of Thanksgiving in detail into our vital life. His words were highly appreciated. The offering taken for the Pastors' Union was gratifying. In all, it was a very spiritual and uplifting service.

The news of Milligan was in the city today on business.

BAPTISTS SENT BOX TO BUCKNER ORPHANS ON THANKSGIVING DAY

(From Saturday's Daily)

As announced, the women of the first Baptist church of this city on last Tuesday met at the church and packed their annual Thanksgiving gift of home-made cookies to be sent to the children in Buckner's Orphan Home at Dallas. Five big boxes were filled with the delicious cakes this year, the five weighing 160 pounds. The cookies were unusually good and prepared with great care. There were plain cakes, nut cakes, raisin, oatmeal, sugar and other varieties of home-made cookies, and together they made up a generous and delicious gift. Mrs. J. W. Dyer, chairman of this work, was greatly pleased with the gift, and the hearty and generous response from the women. It was also noted that many women, outside the church, and several children also, asked to join in sending these cakes to the kiddies at home. To send this Thanksgiving box is an annual custom with the women of the first Baptist church, and the gift this year was one of the finest ever sent.

HARVEY HAPPENINGS

HARVEY, Nov. 29.—A good rain fell here Thursday morning which broke a drought of five months with exception of two or three light rains one week in September. The rain was greatly welcomed for giving a little water to stock, but we will need more to fill the tanks, and fear it is late to produce any grass for stock. There has been no gardening done as yet.

Quite a novel joy ride occurred on the Davidson farm about two weeks since, when two negro boys, Tobie and Alsie Davidson draped old "Betsy" with their cotton sacks and voluntarily betook themselves to the cotton fields, where, by the light of the moon they spent an hour or two picking the last of their cotton in order that they might not lose time from school next day. How is that for industry and a desire for schooling.

Rev. R. L. Brown preached a forceful sermon on the authenticity of the Bible, ending with an excellent illustration from the radio, of the fact that we have to tune in to the station we desire to listen to, or we get no results. Thus it is he says why so many of us fail to get our desires; we do not keep in tune with God. Quite a number of Bryan people were present at the service, among them Mr. and Mrs. Bass Kelley, Mrs. White and little son, who was the guest of Mr. Amos Williams; Mr. and Mrs. Victor Andrews and family, who were guests of Mr. and Mrs. Lee Andrews; Marshall Peters had for his guests, Griff Cloud and Mr. Wilcox. Miss Ethel Sellers is the guest of her sister, Mrs. Will Rains.

Dr. J. C. Davidson narrowly escaped a serious injury or perhaps death at the hands of some autoist Saturday afternoon. He was riding from his pasture, near home. He says he supposed the man gave warning, but as his hearing is very bad, he did not hear him and had no intimation of the approaching of the auto until he was struck on the foot by the fender and his horse knocked to one side. The man a stranger rushed on without pausing to see if he was hurt. He probably thought he would teach him a lesson, instead it aroused a feeling of contempt for one who has so little regard for another's life.

Aubrey Jones and Miss Annie Laurie Etheridge sprung quite a surprise on all of their friends and even their nearest relatives by quietly getting married Saturday night. We were expecting to hear wedding bells in that direction in the near future, but not quite so soon. However the whole community joins in wishing them much happiness in their new wedded life. The groom is the son of Mr. and Mrs. Will Jones and is a very worthy young man. Industrious, quiet, kind hearted and a loyal friend. He and his father own a fine herd of the big red cattle which consumes most of his time, but we have found that he is never too busy to do a favor for a friend. The bride is a beautiful young girl, with a sweet amiable disposition, not much more than sixteen.

GARDNER'S TROOP OF BOY SCOUTS MET AT "HOME" LAST NIGHT

(From Saturday's Daily)

The Boy Scouts of C. R. Gardner's troop met at the Scout Home last night at 7 o'clock. The boys played some games, sang some Scout songs, and practiced tying knots. Those present were: Ewing Gaby, Curtis Cobb, George Smith, Philip Gaby, Noble Eden, Benny Griffin, Roy Carnes, Claude Slowey, George Slowey, Donnie Palmero, Tommie Freeman Key and Mack Price. This troop will meet next Friday night at Haswell's corner and then be carried to the Scout Home in cars. GEO. SMITH, Scribe.

BRITTEN HENDERSON OF KURTEN IS HEARD FROM

Today's mail brought post card greetings from Britten Henderson of Kurten, with a Fort Worth date line. Britten is the club boy who is representing Brazos county on the Free Trip Special of the Santa Fe Railway to Chicago, having made the highest record in the county of his club project. "We are having some good times in Fort Worth. Visited Armour's Packing House and Montgomery and Ward. Had a fine feast at Armour's. We leave for Chicago some time tonight. I found Mr. Fred Halle, who is in charge of the train, as good as pie," says Britten.

CARS OF W. S. BARRON AND DR. GEO. SUMNEY, JR., IN COLLISION IN BRYAN TODAY

(From Monday's Daily)

The cars of Attorney W. S. Barron and Dr. George Sumney, Jr., of College Station, the latter occupied by Dr. and Mrs. Sumney, collided this afternoon at the corner of the Graham-Williams Motor Company, the Sumney car having one front wheel broken down and being pushed up on the curb at the side of the street. In a conversation between an Eagle reporter and W. S. Barron, the latter said that he wished to assume all responsibility for the occurrence as he was driving with material piled in the seat beside him so as to obstruct his view.

A. AND M. FIRST IN NO. POINTS SCORED—ALSO LEAST SCORED ON

(From Houston Chronicle)

Records of the football eleven that constituted the Southwestern conference during the season that ended Thursday show that the Texas Aggies, though fourth in rating were first in the matter of scoring points and in protecting their own goal line from rampaging rivals. The Aggies ran up a total of 229 markers during their 10-game season, and permitted but 35 points to be scored against them. The champion Baylor team that won four conference games, lost none and tied one, scored but 159 points. Arkansas University, with 173 points, ranked third in crossing the old goal line.

Some Odd Jumbles.

The more a dopesty prize into the affairs of this season and others, the more he becomes convinced that nothing can be offered as proof in football beyond the circumstance that the ball is oval. Figures derived from comparative scores are getting more and more valueless in this as in other sections.

This year for instance, Rice romped on Texas University 19 to 6; Texas A. and M. beat Rice 13 to 0. And to properly apply the cap to the bottle, Texas U. up and licks the Texas Aggies 7 to 0. A somewhat analogous state of affairs was produced in the 1915 season.

That distant year saw Texas whale Rice 59 to 0 at Austin; saw Rice trim the Aggies 7 to 0 in Houston, and saw the Aggies thump Texas at College Station.

Such history boiled down shows that upsets will be upsets and that certain games on the season schedule are things apart and all that have preceded them may be tossed out of the window.

MISS ANN BENTLEY GREETED FRIENDS ON HER 10TH BIRTHDAY

On Saturday, afternoon from 2:30 to 5 o'clock, Ann Bentley celebrated her 10th birthday at the home of her parents, Mr. and Mrs. M. R. Bentley, on Bryan Street. At the above stated hour the guests began to arrive, each bearing a gift of remembrance and expressing happy wishes for the future to the delighted honoree.

Outdoor games were enjoyed for an hour on the lawn. Then all came indoors for additional games. And to enjoy a refreshment plate of cake, fruit gelatine, and wafers.

The smallest members of the party gathered about the huge cake adorned with ten burning tapers, each making a good wish for Ann's future and blowing out the flames at the signal of their hostess.

In serving the cake, Margaret Ward received the wishbone; Mary Jane Nall the button; Lillian Davis knowledge; Leona Mae Egan, the anchor; Robaline Smith, the thimble; Genevieve Barron, the clover leaf; Elinor Ann Ward, the dime.

Present were: Ollie Ruth and Georgia Belle Shaw, Betty Swallow, Lola and Genevieve Barron, Lillian and Frances Davis, Lillie Janick, Horace and Ruth Beard, Bobbie Hearne, Ruth Weddington, Margaret and Eleanor Ann Ward, Libby Linn Gardner, Ruth Johnson, Mary Jane Nall, Elsie Newcomb, Helen Fickey, Mildred, Oak and Kirby Joyce McKenzie, Dot Childs, Marie and Lyle Cuykendall, Elizabeth Lanham, Robaline Smith, Helen Miller, Leona Mae and Mary Bess Egan.

WEDDING ANNOUNCEMENT

Mr. and Mrs. Albert Haneman announce the approaching marriage of their daughter, Miss Lillian Haneman, to Mr. L. J. Dupuy, of Marlin. Thursday, December 4th, 2 p. m., at the First Methodist church, Bryan. The bride, Miss Haneman, was born and reared in Bryan, a graduate of Bryan high school, Texas University, and has also had training at Columbia University, New York. Trained and gifted for her profession, teaching, she has made an enviable record wherever she has taught. For the past four years she has taught Latin in the high school at Marlin. Added to her ability is a charming personality which wins for her friends. The groom is a representative of the Stickle Furniture Company, Grand Rapids, Michigan, a native Texan. By his dependability, trustworthiness and efficiency he holds a responsible position and the confidence of his friends.

P. S. Mangum, principal of the Edge school, has returned from a short business visit to Dallas.

MISS MERLE GANDY OF WELLBORN IS ATTACKED BY UNKNOWN ASSAILANT

Story Told by Daughter of Mr. and Mrs. Arthur Gandy is That Party Unknown Suddenly Seized Her, Choked Her Screams and Dragged Her to Bank of Nearby Tank—She Managed to Escape.

Local officers were summoned last night to the farm home of Mr. and Mrs. Arthur Gandy, four miles east of Wellborn on the Rock Prairie road. According to their report of the affair which led to their being called to the scene, as reported by Constable H. T. Wheelless and County Attorney Oak McKenzie, Miss Merle Gandy, 20-year old daughter of Mr. and Mrs. Arthur Gandy, stepped outside the house last night, just after dusk, about 7:00 and when but a short distance from it, was suddenly seized, choked to prevent any outcry, and dragged to the bank of a nearby tank. She managed to extricate herself from her assailant, it is said and screamed, before fleeing toward the house. Her folks met her about half-way to the house. She could not tell who her assailant was or whether he was negro or white. Officers who made the trip to Wellborn were: Constable H. T. Wheelless; Deputy Constable Frank Griffin; Night Officer Offa Williams, accompanied by Frank Fuller.

VICTORY OVER SAN MARCOS 20 TO 0 GIVES ALLEN HONORS IN ITS CLASS

The Allen Academy football team has returned to Bryan with the honors of the Texas Academy Football Conference as its laurels for the third consecutive year, having finished the work of attaining that end by defeating the fast San Marcos Baptist Academy by the decisive score of 20 to 0, on the Baptists' field on Wednesday afternoon. Allen's goal was only once endangered and that in the first few minutes of play when Allen fumbled three times in succession, due to poor passing of the center and the excitement and being wrought up for this championship game. These nine fumbles, each costing yardage, carried Allen's team back to near their own goal. The Allen team, however, settled down on their 20-yard line, gave Burgess the ball on an end run and he ran 80 yards for a touchdown, the first of the game and in the first four minutes of play. Later in the first quarter, A. Allen, played quarterback, made a similar end run for 60 yards and the second touchdown. Barron kicked the second goal having missed the first one.

RUINS OF OLD BAYLOR COLLEGE AT OLD INDEPENDENCE HISTORIC SPOT

Dr. and Mrs. W. C. Fountain motored to Old Independence in Washington county Sunday and spent the day looking over the ruins of the old Baylor College, which have stood there for more than 70 years, for it was in 1845 that the charter for Baylor University was applied for and issued by the Republic of Texas. Since that time, generations have come and gone through its classic walls, but with the progress of the educational program of this fast developing state, it became necessary to move the seat of Baylor University to a larger and more accessible place, and Baylor College, the women's department, went to Belton and Baylor University was consolidated with Waco University at Waco, Texas, in 1885. Only ruins of the old walls now stand to remind the lookers on of the departed grandeur once given to this revered spot as the beginning of the Baptist educational work in Texas. Dr. and Mrs. Fountain enjoyed the day of reminiscence as spent amid the ruins of what was once the center of learning and culture in this great state in its pioneer days.

BRAZOS COUNTY COTTON GINNED TO NOVEMBER 14 AMOUNTED TO 18,529 BALES

(From Saturday's Daily)

There were 18,529 bales of cotton, including round bales counted as half bales, ginned in Brazos county from the crop of 1924, prior to November 14, as compared with 25,074 bales ginned up to the same date last year. This information comes from the government in a card to Joe F. Howard, statistician for the government for Brazos county.

CASH OFFERING BY PRESBYTERIANS ON SUNDAY, DECEMBER 14

Presbyterians in Brazos county are very much interested in a church wide program for Sunday, December 14th, at which time a cash offering will be taken according to the plan of the General Assembly of the Presbyterian church in every Presbyterian church in the South, for additional and improved equipment in the home and foreign mission fields. The plan adopted this year is for each congregation to be asked to contribute to a designated object and all churches in Brazos county have been asked to accept in connection with this equipment fund the following causes: Foreign mission fields, Hangebow Christian College in China; home mission fields: New churches in Texas.

The churches in this county asked to participate in this program with their pastors are: A. and M. College church, College Station, Rev. Fred Hancock; and First church, Bryan, Rev. Wm. N. Sholl.

The equipment fund is set up by the General Assembly of the Presbyterian Church in the United States to cover a ten-year period and the plan is to raise \$500,000 per year. Other Presbyterian churches in the different counties have also been requested to accept appropriate causes. The young peoples' or Christian Endeavor societies in all of the Presbyterian churches are asked to accept as their own particular causes, for foreign missions: Girl's School, Kwangju, Korea; for home missions, Beechwood Seminary, Heidelberg, Kentucky.

The Presbyterians in this county have shown a co-operative spirit in the great programs set up by the General Assembly's committees of the Presbyterian church, and their participation in this equipment fund will doubtless be in keeping with their reputation along these lines.

DR. WILKERSON AND FAMILY RETURN FROM MISSION WORK CHINA

"I am not a public speaker," said L. O. Wilkerson, but if he could be induced to talk he could tell some very interesting tales of life in China, especially as it appears to the medical profession, as he has just returned from China where he spent four years as a medical missionary for the Baptist church, Mr. and Mrs. Wilkerson and their baby daughter of one year old, arrived in Bryan on Saturday afternoon for a visit to Mrs. Wilkerson's parents, Mr. and Mrs. E. S. Wickes.

Dr. Wilkerson practiced medicine in Bryan during the years of 1919-20, and in January of 1921 left for China to take up medical missionary work for the Southern Baptist church. He first went to a language school at Peking, learning something of the Chinese language to be supplemented with subsequent usage of the language itself. He then went into the Rockefeller Foundation Hospital at Peking and was there for 18 months, practicing medicine and learning surgery. He was then given charge of the Southern Baptist Hospital at Cheng Chow, in Honan province.

Railroad Was Torn Up.

It was on account of his wife's health that it became necessary for them to return to the States, which they did by way of Europe. Due to the rail line from Nanking to Shanghai having been torn up in the recent warfare over the possession of the latter city, it was necessary for them to make this part of the trip, from Peking to Shanghai, by boat on the Yangtze river. They then went to Hong Kong by boat, to Singapore, Port Swettenham, Penang, Colombo, Aden, Suez, Port Said, Marseilles and to Paris, where they spent three or four days, and a similar stop-over in London before sailing on the Belegaria from South Hampton for New York City. After one day in New York they entrained for Stanton, Tennessee. Mr. Wilkerson's old home, where they visited his people before coming on to Bryan for a visit with her folks.

Mr. Wilkerson and family will probably remain on a visit in Bryan until the new year. He has not yet decided where he will locate to practice medicine and surgery. He said he did not know whether he would open an office in Bryan for practice or not.

Miss McFarland will remain in Goldthwaite until after the Christmas holiday when she goes to Temple, where she has accepted a position in the Temple sanitarium.

Miss Lillian Ferguson is recuperating nicely following an operation for appendicitis several weeks ago, and is able to be removed from the hospital to the home of Mrs. J. L. Batte. Miss Ferguson's many friends will rejoice to learn of her improvement.

Miss Artie Lou Smith is enjoying a vacation of two weeks from her office work at A. and M. College.

Mr. and Mrs. F. M. Richie of Route 6, Brazos county, were among the visitors in Bryan today.

MISS WESA WEDDINGTON, PRINCIPAL OF BRYAN HIGH SCHOOL, IS HONORED

Miss Wesa Weddington, principal of the East Side School in Bryan, is in San Antonio attending the annual meeting of the State Teachers' convention. Miss Weddington spoke on Friday evening before the assembly, being the only woman officially placed on the program. Her subject was "The Uses and Abuses of Affiliation." That Miss Weddington is recognized as among the leading educators of the State has been often shown by the important positions to which she has been officially appointed, and the vital committee work to which she has been assigned. Bryan is again proud to note the exalted position which another of her daughters has attained, and delights to lay garlands of praise and appreciation at the feet of Miss Wesa Weddington.

MEMBERS BRYAN REVIEW EDITORIAL STAFF TO PRESS MEETING AT WACO

The Texas High School Press Association which meets at Baylor College, Belton, December 4, 5 and 6, will be attended by the following girls and boys from the Bryan High School weekly publication, "The Bryan Review": Kate Parker, managing editor; Lila Graham Bryan, editor-in-chief; Mary Jones, editor of feature department; Pauline McCulloch, reporter; Sara Moore Boyett, personal reporter; Charles Edge, advertising manager; Vergne Adams, editor joke department; Herry Weaver, special writer. This party of young journalists will be accompanied to Belton by their teacher and director in the work, Miss M. E. McCarty, head of the English department of the Bryan High School, who has been so efficient and so faithful in training these pupils in journalistic work. The Bryan Review is so creditably edited and gotten out, that much favorable comment has been received from other High School papers over the state and also from critics in the regular newspaper field. The citizens of Bryan are justly proud of the record already made by these high school pupils, and predict a real place for them at the Texas High School Press Association in Belton.

KINDERGARTEN CLASS MRS. D. P. GABY GAVE PARTY FOR PARENTS

The kindergarten class of Mrs. D. P. Gaby were hosts on Thanksgiving eve to their parents at the home of their teacher, and the occasion was one of more than usual interest and merit. In response to unique invitations issued, the parents responded at the appointed hour. They found the kindergarten rooms and the children in perfect readiness for their visit, and at once the Thanksgiving program began. Songs and readings by the children were enjoyed, after which a portrayal of the landing of the Pilgrim fathers at Plymouth, and the first Thanksgiving Day on American soil was wonderfully given by the children on the sand table. That Mrs. Gaby is teaching the truths of patriotic history, and is instilling into the hearts and minds of her pupils fundamentals that will remain through all their lives was plainly evidenced. This historic episode was portrayed on costume by the following: Irwin Lenz as Governor Carver; Robert Tatum, as Governor Bradford; Junior Dishman, John Alden; Chas. Felker, Miles Standish; Lyle Cuykendall, Somerset; John Egan, Massachusetts; Boyd Williams, Squanto; John Dyer, the minister; Frances Daniels and Kirby Joyce McKenzie, Indian characters. The other children of the class represented Puritans. After the two-act play, Thanksgiving games were indulged in and the parents joined with the children and the hostess in the pleasures of the games. Mrs. W. E. Neeley and Mrs. J. W. Dyer won the favors offered as prizes in the game contests. Refreshments of cookies, tea and popcorn were served to all the guests, and the hour closed with many wishes for another such occasion soon. Parents present for the day were: Mesdames John Egan, G. W. Barnes, W. H. Darrow, Dishman, Jr., W. R. Thomas, Sr., W. R. Thomas, Jr., Mr. and Mrs. J. W. Dyer, Mrs. Charles Felker, Mr. and Mrs. Phillips, Mrs. J. W. Williams, Mrs. H. D. Cuykendall, Mrs. Hugo Lenz, Mrs. H. N. Cochran, Mrs. W. E. Neeley, Mrs. Morris Tatum, Mrs. J. W. Wiley and Mrs. Evans.

FAMILY REUNION IS HELD SUNDAY AT THE HOME OF JOHN CONLEE

No occasion is more enjoyed than a family reunion, where loved ones meet and talk over days gone by, and spend a whole day in happy conversation with another. Such a day was spent at the home of Mr. and Mrs. John D. Conlee in this city on Sunday, when the children and grandchildren of the home were invited to meet with Mrs. Emma Buchanan Keith, of Perryton, Texas, who has been here for a short visit. At the noon hour a delicious turkey dinner, beautifully served in the spacious dining room, was enjoyed, and in the afternoon many old time friends and neighbors of Mrs. Keith came in and joined the family circle already assembled. Those present at dinner were: Mr. and Mrs. Will Conlee, and children, Billie Frances and Alice Estelle; Mr. and Mrs. Jess Conlee, and son, Jack; Mr. and Mrs. R. C. Conlee, Vivian, Rosser Elaine and R. C. Conlee, Jr.; Miss Pansy Conlee of Humble, and Mrs. Ethel Edmunds and Mr. and Mrs. John D. Conlee.

V. R. GLAZENER IS MADE POULTRY SPECIALIST AT A. & M. SUCCEEDING EDSON

V. G. Glazener, at present the superintendent of the College poultry farm, has been made poultry specialist for the Extension Service department, succeeding E. O. Edson, who resigned some time back to leave the State. Mr. Glazener is Texas-reared and educated at A. and M. College.

Mr. and Mrs. Hugh Looney and little sons of Branchville were among the visitors in Bryan today.

TWO GAMBLING CASES TRIED ON MONDAY IN JUSTICE COURT HERE

Tom Curry and Alex Campbell, negroes, charged to have been implicated in a gambling game in a house on Sugar Hill, in this city, on November 16th, were tried on Monday in justice court before Judge J. W. Hamilton. They were given separate trials, the first jury being headed by W. M. Wilson and the second by E. E. Yeager. In each case the defendant was found guilty and fined \$10 and costs, amounting to a total of about \$35. In the case of Tom Curry, Lamar Bethea, attorney for the defense, filed an appeal bond to appeal the case to district court. It is understood that the same action will be taken in the second case. There are five other negroes to be tried for similar charges for the same offense at the same place at the same time. County Attorney Oak McKenzie prosecuted the cases. The raid was made by Constable H. T. Wheelless and Deputy Constable Frank Griffin.

SECOND NEGRO BEEN ARRESTED FOR CASE OF RECENT BURGLARY

John Griffin, negro, was caught yesterday afternoon near Benchley and arrested by Sheriff Mr. L. E. Morehead and Night Officer K. T. Tillis on a charge of burglary. He had been seen entering a house in that vicinity, which he said later was to get something to eat. He is charged with being an accessory with Jesse (O. D.) Johnson in the burglary of the Daniels negro store near the Carter Creek Bridge on the Steep Hollow road, about two weeks ago.

After the negro had been brought to Bryan County Attorney Oak McKenzie obtained from him what is alleged to be a confession of a number of burglaries, a whole series, which have been committed recently in the section, admitting the theft of considerable property. Officers from Caldwell telephoned over to Bryan last night and asked for the two negroes who are wanted there on charge of burglary, but the local officers are quite fond of them and intend to hold them for trial here.

CHAMBER COMMERCE DISCUSSED MATTERS PERTAINING COLLEGE

At the opening of the regular Tuesday morning session of the Board of Directors of the Bryan and Brazos County Chamber of Commerce this morning in the commercial rooms, Secretary S. E. Eberstadt reported for the advertising and soliciting committee, stating that during the past week 15 advertising men and 9 soliciting propositions had been refused endorsement.

The balance of the morning was consumed in discussions of problems pertaining to the A. and M. College, following an address to the body by President W. B. Bizzell, who has just returned from Texas State Teachers' Association convention at San Antonio where a full discussion was had of the recent state educational survey under Dr. George Woods.

Those present at the meeting today were: W. B. Bizzell, Wilson Bradley, W. H. Cole, J. E. Covey, E. J. Fountain, Judge H. O. Ferguson, President J. M. Lawrence, T. K. Lawrence, J. Bryan Miller, J. D. Martin, J. O. Morgan, Oak McKenzie, L. L. McInnis, M. L. Parker, Mrs. Lee J. Rountree, A. M. Waldrop with Secretary Eberstadt at the desk.

BOY AND GIRL CLUB WORK PROGRESSING IN BRAZOS COUNTY

It is most gratifying to those interested in the work being done in Brazos county by the girls' and boys' clubs to note that at this time of the year, as the records are being compiled and the work finished, the girls and boys are in every place anxious to re-organize for another year. At Steele's Store the girls in the school have organized one hundred per cent, which means that every girl in the school who is eligible to membership has joined the girls' club work for another year. A meeting for election of officers will be held early next week. A list of the members of the girls' club at Steele's Store follows: Bettie Varisco, Frances Ottea, Lena Scarpinato, Mary Perrone, May Cortemeglia, Kate Deluke, Annie Denena, Velma Andrews, Rena Ottea, Lucy Cotropa, Josephine Cortemeglia, Anna Degelia, Teny Trilitico, Lena Degelia, Mary Faldago, Mary Bolmanskie, Gertrude Bolmanskie, Annie Bolmanskie, Annie Denero.

BABY THOUGHT HAVE SMOTHERED TO DEATH IN BED LAST NIGHT

Mr. and Mrs. W. P. Campbell are today mourning the death of their two-months-old daughter, Joyce Mirian, whom they found dead this morning in bed with the mother. Medical attention was immediately summoned and it was the verdict of the physician that death must have been from suffocation. Mr. Campbell came in last night from Houston arriving about midnight and at that time the baby was well and at right. He is a Federal student at A. and M. College and they reside in the eastern part of the city near the Dave Munday home. The funeral services were held this afternoon at 3 o'clock with Rev. R. L. Brown, pastor of the College Baptist church, officiating.

BIRTHDAY PARTY INVITATIONS
Little Miss Virginia Bosque, daughter of Mr. and Mrs. R. E. Bosque has issued beautiful invitations to a party at her home Saturday afternoon, December sixth from three to five o'clock celebrating her third birthday.

MRS. JESSE R. THOMPSON COMPLIMENTED AT MEET

The Woman's Missionary Society of the Methodist church of College met Monday afternoon with Mrs. B. T. Harrison and Mrs. J. R. McKee as joint hostesses at the home of Mrs. Harrison. Mrs. E. P. Humbert led a most interesting Bible lesson, after which a social hour was enjoyed in compliment to Mrs. Jesse R. Thompson, wife of the new pastor of the Methodist church. Those present were: Mesdames F. A. Buechel, J. R. McKee, E. P. Humbert, W. A. Stone, R. F. Emith, G. P. Grout, C. F. Harrison, Jennie Yates, M. C. Hughes, Jesse R. Thompson; Misses Geraldine Grout, Clayton Hancock, and Louise Parkhill.

CHRISTMAS CARDS OF THE LATEST AND BEST DESIGNS

The Eagle Printing Company now has on display one of the most complete lines of Christmas and New Year greeting cards ever shown in the city. Our prices are reasonable and we are in position to give you prompt and courteous service, either in printing or engraved cards. We are proud of our showing and it is a pleasure to show them to you. We suggest that you place your order as early as possible, owing to the fact that the few remaining days will be busy ones in this class of printing—there remains only a few days now before Christmas. Call at the Eagle office and let us show you our line. If it is not convenient to call in person phone us and we will have our representative call on you.

KURTEN KLIPPINGS

(Special to Bryan Daily Eagle)
KURTEN, Dec. 1.—Everybody is feeling much better after the fine rain we had recently.

Rev. J. J. Kasiskie and family are enjoying rides in their new car. Fritz Manthei, Julius Manthei and August Prinsel, Jr., of Falls county, were here to attend the funeral of little Alma Manthei.

Kurten won another basketball game from Harvey on Tuesday by the score of 12 to 2. After the game the Harvey boys were invited in by the girls to listen to the new phonograph.

Britten Henderson left Friday for Fort Worth, where he will join the other Texas boys who won the great trip to Chicago.

STEEP HOLLOW STORIES

(Special to Bryan Daily Eagle)
STEEP HOLLOW, Dec. 2.—B. G. Bond of Prospect spent the week-end with his daughter, Mrs. John Barnett, Jr.

Mr. and Mrs. Robert Jones, Mr. and Mrs. T. N. Dehart, Misses Jewell and Lelia Fay Mathis, Raymond Mathis of Bryan attended Sunday school and B. Y. P. U. Sunday.

Curtis Bullock of Bryan spent the week-end with his sister, Mr. and Mrs. Charlie Powers.

SHOWERS FOR LIVING OBSERVED IN POUND PARTY FOR SHOLLS

(From Friday's Daily)
Wednesday night at the close of the regular mid-week prayer service, the primary auditorium in the new Sunday school church was the scene of a very happy informal gathering when the Presbyterians, old and young, came to give their beloved pastor and his wife a surprise party. This was in the form of an old-fashioned "house warming" for the annex which was recently finished. A large hamper of good things was brought in and presented to Reverend and Mrs. Wm. N. Sholl, as a token of love and esteem in which they are held by the congregation. Rev. Sholl responded with a few well-chosen words of appreciation and thanks for the bounteous gifts and rejoiced because of this additional evidence of mutual love of pastor and people. An impromptu program of piano music by Mrs. Roy Danforth and favorite songs by a chorus of mixed voices was enjoyed by all, and delicious refreshments of hot coffee and sandwiches were served by the ladies of the church.

NEW PASTOR PLEASED CONGREGATIONS AT METHODIST CHURCH

Rev. H. H. McCain, recently of Conroe, Texas, preached his first sermon in Bryan on Sunday morning, the text being taken from the Second Corinthians, 12:14: "I seek not yours but you." The subject was "The Christian Paradox," revealed in the fact that persons are to be considered rather than things, first, because of the nature of man as to his character and value; second, his ultimate destiny; and third, his life of service and a medium thru which God works. In the evening service Rev. McCain discussed "The Church at Antioch" as the ideal church and because it was a revival church, liberal one and a missionary church and had great pastors, Barnabas and Paul.

The Methodist congregations were very much pleased with the new pastor assigned to the local church to succeed Rev. H. C. Willis, and from their attitude it is expected that much good will result from the work of Rev. McCain and that he will be given hearty co-operation in all the things which he cares or desires to undertake here for the good of the denomination.

THREE HUNDRED PEOPLE SEATED AT KNIGHTS OF COLUMBUS BIG BANQUET

Galveston Degree Team Initiated Twenty-one Candidates in First Three Degrees in Order in Afternoon—Banquet Held in Dining Room of Villa Maria Convent on Sunday Night.

The local chapter Knights of Columbus had a big day in Bryan yesterday when 21 candidates from Bryan and from nearby points were initiated into the first three degrees of the order, the degree team from Galveston assisting in putting on the work. The work was finished late in the afternoon and just in time for the new members to meet the guests assembled in banquet at the basement dining room of the Villa Maria convent where about 300 people were seated at tables that occupied almost the entire floor-space of this spacious room. The banquet was described by several who were present and enjoyed the occasion hugely, as one of the finest they had ever attended. Everything went as per schedule with not a dull moment. The Galveston team furnished a number of speakers for the evening and each talk was short and to the point, not being lengthened out to the boring of the audience, the tables were amply provided with all necessities and accessories to a splendid banquet and a general good time was enjoyed by everyone. It was a great gathering and the day will long be remembered as an epochal one in the history of the local chapter of the Knights of Columbus.

TOM DALY PRESIDED

The banquet had been prepared by the Sisters of the Convent and the room decorated by them also. The colors were beautiful and very effective. Ferns and chrysanthemums were the flowers used in the decorative scheme. The menu was centered about the meat of the season, roast turkey, though other meats were there in abundance as well as all other accessories and of the kind that are in evidence at Thanksgiving dinners.

The banquet was presided over by Grand Knight Tom D. Daly, as toastmaster, who filled the position with a most pleasing air and manner. The invocation and opening address were by Reverend Father J. B. Gleissner, chaplain of the K. of C. Other speeches were made by Rev. Father Basil Bravi of St. Anthony's church; J. M. Nichols, district grand deputy of Galveston; Ed Owens, a city commissioner of Galveston, and William Murphy, also of Galveston, a World War veteran, who was decorated for bravery by the Italian government. A number of short talks were made by visitors from other nearby towns and Bryan Knights and visitors. Stress was laid upon the project of building a Catholic chapel for students attending A. and M. The meeting closed with a final address by Grand Knight Daly, and the benediction by Rev. Father Gleissner.

A Massive Attendance.

Owing to the desire not to embarrass the speakers to enforce registration of all present, and because some had left the banquet hall early in the evening, a full list of all those present could not be obtained. The following, however, is a list of those who registered as being present on the occasion: Tom Daly, Rev. J. B. Gleissner, Rev. Basil Bravi, Rev. P. Litwora, J. F. Campbell, J. M. Nichols, James Heffernan, W. L. Golden, R. A. Owen, William Murphy, T. J. Anderson, Charles K. Lalore, Fred J. Cappadona, Edward M. Owens of Galveston; James H. Sullivan, A. V. BABY DAUGHTER IS BORN TO MR. AND MRS. ARTHUR BENNING RAY, NOV. 14

"Mr. and Mrs. Arthur Benning Ray announce the birth of their daughter, Joan Rutledge, born the 14th day of November, 1924," is the text of announcement card received this morning by Miss Willie Rogers. Mrs. Benning was formerly Miss De-olice Hickman, daughter of S. H. Hickman, who is an instructor at A. and M. College. Mr. Ray was formerly an instructor in the chemical department at College but their home is now at Bay Side, Long Island, Miss Hickman left Bryan in October, 1918, and took a position at Washington, D. C. She married Mr. Ray on his return from the battle front in Europe, where he was sent to demonstrate a chemical bomb, which he, himself, had invented.

BRYAN MAN HIT BY H. T. C. TRAIN

TRUCK OVERTURNED AND BADLY WRECKED—DRIVER NOT SERIOUSLY INJURED

OUTCOME IS FORTUNATE

(From Friday's Daily)
A truck driven by J. E. Batten, an apple salesman of Bryan, containing about 10 bushels of apples, was hit by the 12:28 H. & T. C. passenger train at noon Thursday and almost completely wrecked, the driver fortunately escaping with but a slight injury. Mr. Batten stated this morning that he did not notice any warning whatsoever and that the first intimation he had of impending danger was when he saw the train was almost upon him as he attempted to drive across the tracks. He said that he swerved the truck and threw on the brakes, saving himself from a direct crash, the engine striking the right front wheel and overturning the truck. He managed to extricate himself by the time the train had stopped, which was as soon as they could, he said, and the conductor hurried back to the scene and sent him to Dr. C. A. Searcy, the railroad physician. His injuries were a badly shaken up physical condition and some gashes on the head, arms and legs. Mr. Batten has only words of praise for the H. & T. C. conductor and the courtesies rendered by that official. He will be confined to his home for the next few days but anticipates no serious trouble from the accident.

ANOTHER BIG BARN IS BURNED AT TABOR FROM SOME UNKNOWN CAUSE

(From Friday's Daily)
M. S. Broach, employed by the dry goods firm of J. Gelber & Son, of this city, lost a big 2-story barn on his farm at Tabor last night by fire, according to word reaching the city today. The blaze, which is from some unknown origin, is said to have caused a loss of approximately \$2,000 which was fairly well covered through a leading insurance agency in Bryan. The fire was first noticed by a small boy living on a nearby farm, who happened to be up during the night. The fire must have begun to make headway about 2:30 o'clock this morning. This is but another indication of the possibility—even the probability—of some one in this county setting barns on fire.

TWO GAMBLING CASES TRIED ON MONDAY IN JUSTICE COURT HERE

Tom Curry and Alex Campbell, negroes, charged to have been implicated in a gambling game in a house on Sugar Hill, in this city, on November 16th, were tried on Monday in justice court before Judge J. W. Hamilton. They were given separate trials, the first jury being headed by W. M. Wilson and the second by E. E. Yeager. In each case the defendant was found guilty and fined \$10 and costs, amounting to a total of about \$35. In the case of Tom Curry, Lamar Bethea, attorney for the defense, filed an appeal bond to appeal the case to district court. It is understood that the same action will be taken in the second case. There are five other negroes to be tried for similar charges for the same offense at the same place at the same time. County Attorney Oak McKenzie prosecuted the cases. The raid was made by Constable H. T. Wheeler and Deputy Constable Frank Griffin.

SECOND NEGRO BEEN ARRESTED FOR CASE OF RECENT BURGLARY

John Griffin, negro, was caught yesterday afternoon near Benchley and arrested by Sheriff Mrs. L. E. Morehead and Night Officer K. T. Tillis on a charge of burglary. He had been seen entering a house in that vicinity, which he said later was to get something to eat. He is charged with being an accessory with Jesse (O. D.) Johnson in the burglary of the Daniels negro store near the Carter Creek Bridge on the Steep Hollow road, about two weeks ago.

After the negro had been brought to Bryan County Attorney Oak McKenzie obtained from him what is alleged to be a confession of a number of burglaries, a whole series, which have been committed recently in the section, admitting the theft of considerable property. Officers from Caldwell telephoned over to Bryan last night and asked for the two negroes who are wanted there on charge of burglary, but the local officers are quite fond of them and intend to hold them for trial here.

CHAMBER COMMERCE DISCUSSED MATTERS PERTAINING COLLEGE

At the opening of the regular Tuesday morning session of the Board of Directors of the Bryan and Brazos County Chamber of Commerce this morning in the commercial rooms, Secretary S. E. Eberstadt reported for the advertising and soliciting committee, stating that during the past week 15 advertising men and 9 soliciting propositions had been refused endorsement.

The balance of the morning was consumed in discussions of problems pertaining to the A. and M. College, following an address to the body by President W. B. Bizzell, who has just returned from Texas State Teachers' Association convention at San Antonio where a full discussion was had of the recent state educational survey under Dr. George Woods.

Those present at the meeting today were: W. B. Bizzell, Wilson Bradley, W. H. Cole, J. E. Covey, E. J. Fountain, Judge H. O. Ferguson, President J. M. Lawrence, T. K. Lawrence, J. Bryan Miller, J. D. Martin, J. O. Morgan, Oak McKenzie, L. L. McInnis, M. L. Parker, Mrs. Lee J. Rountree, A. M. Waldrup with Secretary Eberstadt at the desk.

BOY AND GIRL CLUB WORK PROGRESSING IN BRAZOS COUNTY

It is most gratifying to those interested in the work being done in Brazos county by the girls' and boys' clubs to note that at this time of the year, as the records are being compiled and the work finished, the girls and boys are in every place anxious to re-organize for another year. At Steele's Store the girls in the school have organized one hundred per cent, which means that every girl in the school who is eligible to membership has joined her girls' club work for another year. A meeting for election of officers will be held early next week. A list of the members of the girls' club at Steele's Store follows: Bettie Varisco, Frances Otter, Lena Scarpinato, Mary Perrone, Mary Cortemeglia, Kate Deluke, Annie Denena, Velma Andrews, Regina Otter, Lucy Cotropia, Josephine Cortemeglia, Anna Degelia, Tenny Trilico, Lena Degelia, Mary Faldaz, Mary Bolmanskie, Gertrude Bolmanskie, Annie Bolmanskie, Annie Deneno.

BABY THOUGHT HAVE SMOTHERED TO DEATH IN BED LAST NIGHT

Mr. and Mrs. W. P. Campbell are today mourning the death of their two-months-old daughter, Joyce Miriam, whom they found dead this morning in bed with the mother. Medical attention was immediately summoned and it was the verdict of the physician that death must have been from suffocation. Mr. Campbell came in last night from Houston arriving about midnight and at that time the baby was well and all right. He is a Federal student at A. and M. College and they reside in the eastern part of the city near the Dave Munday home. The funeral services were held this afternoon at 3 o'clock with Rev. R. L. Brown, pastor of the College Baptist church, officiating.

SHOWERS FOR LIVING OBSERVED IN POUND PARTY FOR SHOLLS

(From Friday's Daily)
Wednesday night at the close of the regular mid-week prayer service, the primary auditorium in the new Sunday school annex of the First Presbyterian church was the scene of a very happy informal gathering when the Presbyterians, old and young, came to give their beloved pastor and his wife a surprise party. This was in the form of an old-fashioned "pound party" and was also a "house warming" for the annex which was recently finished. A large hamper of good things was brought in and presented to Reverend and Mrs. Wm. N. Sholl, as a token of love and esteem in which they are held by the congregation. Rev. Sholl responded with a few well-chosen words of appreciation of and thanks for the bounteous gifts and rejoiced because of this additional evidence of mutual love of pastor and people. An impromptu program of piano music by Mrs. Roy Danforth and favorite songs by a chorus of mixed voices was enjoyed by all, and delicious refreshments of hot coffee and sandwiches were served by the ladies of the church.

NEW PASTOR PLEASED CONGREGATIONS AT METHODIST CHURCH

Rev. H. H. McCain, recently of Conroe, Texas, preached his first sermon in Bryan on Sunday morning, the text being taken from the Second Corinthians, 12-14: "I seek not yours but you." The subject was "The Christian Paradox," revealed in the fact that persons are to be considered rather than things, first, because of the nature of man as to his character and value; second, his ultimate destiny; and third, his life of service and a medium thru which God works. In the evening service Rev. McCain discussed "The Church at Antioch" as the ideal church and because it was a revival church, liberal one and a missionary church and had great pastors, Barnabas and Paul.

The Methodist congregations were very much pleased with the new pastor assigned to the local church to succeed Rev. H. C. Willis, and from their attitude it is expected that much good will result from the work of Rev. McCain and that he will be given hearty co-operation in all the things which he cares or desires to undertake here for the good of the denomination.

THREE HUNDRED PEOPLE SEATED AT KNIGHTS OF COLUMBUS BIG BANQUET

Galveston Degree Team Initiated Twenty-one Candidates in First Three Degrees in Order in Afternoon-Banquet Held in Dining Room of Villa Maria Convent on Sunday Night.

The local chapter Knights of Columbus had a big day in Bryan yesterday when 21 candidates from Bryan and from nearby points were initiated into the first three degrees of the order, the degree team from Galveston assisting in putting on the work. The work was finished late in the afternoon and just in time for the new members to meet the guests assembled in banquet at the basement dining room of the Villa Maria convent where about 300 people were seated at tables that occupied almost the entire floor-space of this spacious room. The banquet was described by several who were present and enjoyed the occasion hugely, as one of the finest they had ever attended. Everything went as per schedule with not a dull moment. The Galveston team furnished a number of speakers for the evening and each talk was short and to the point, not being lengthened out to the boring of the audience, the tables were amply provided with all necessities and accessories to a splendid banquet and a general good time was enjoyed by everyone. It was a great gathering and the day will long be remembered as an epochal one in the history of the local chapter of the Knights of Columbus.

TOM DALY PRESIDED

The banquet had been prepared by the Sisters of the Convent and the room decorated by them also. The colors were beautiful and very effective. Ferns and chrysanthemums were the flowers used in the decorative scheme. The menu was centered about the meat of the season, roast turkey, though other meats were there in abundance as well as all other accessories and of the kind that are in evidence at Thanksgiving dinners.

The banquet was presided over by Grand Knight Tom Daly, as toastmaster, who filled the position with a most pleasing air and manner. The invocation and opening address were by Reverend Father J. B. Gleissner, chaplain of the K. of C. Other speeches were made by Rev. Father Basil Bravi of St. Anthony's church; J. M. Nichols, district grand deputy of Galveston; Ed Owens, a city commissioner of Galveston, and William Murphy, also of Galveston, a World War veteran, who was decorated for bravery by the Italian government. A number of short talks were made by visitors from other nearby towns and Bryan Knights and visitors. Stress was laid upon the project of building a Catholic chapel for students attending A. and M. The meeting closed with a final address by Grand Knight Daly, and the benediction by Rev. Father Gleissner.

A Massive Attendance.

Owing to the desire not to embarrass the speakers to enforce registration of all present, and because some had left the banquet hall early in the evening, a full list of all those present could not be obtained. The following, however, is a list of those who registered as being present on the occasion: Tom Daly, Rev. J. B. Gleissner, Rev. Basil Bravi, Rev. P. Litwora, J. F. Campbell, J. M. Nichols, James Heffernan, W. L. Golden, R. A. Owen, William Murphy, T. J. Anderson, Charles K. Lalore, Fred J. Cappadonna, Edward M. Owens of Galveston; James H. Sullivan, A. V. BABY DAUGHTER IS BORN TO MR. AND MRS. ARTHUR BENNING RAY, NOV. 14

"Mr. and Mrs. Arthur Benning Ray announce the birth of their daughter, Joan Rutledge, born the 14th day of November, 1924," is the text of announcement card received this morning by Miss Willie Rogers. Mrs. Benning was formerly Miss Deolice Hickman, daughter of S. H. Hickman, who is an instructor at A. and M. College. Mr. Ray was formerly an instructor in the chemical department at College but their home is now at Bay Side, Long Island. Miss Hickman left Bryan in October, 1918, and took a position at Washington, D. C. She married Mr. Ray on his return from the battle front in Europe, where he was sent to demonstrate a chemical bomb, which he, himself, had invented.

BRYAN MAN HIT BY H. T. C. TRAIN

TRUCK OVERTURNED AND BADLY WRECKED—DRIVER NOT SERIOUSLY INJURED

OUTCOME IS FORTUNATE

(From Friday's Daily)

A truck driven by J. E. Batten, an apple salesman of Bryan, containing about 10 bushels of apples, was hit by the 12:28 H. & T. C. passenger train at noon Thursday and almost completely wrecked, the driver fortunately escaping with a slight injury. Mr. Batten stated this morning that he did not notice any warning whatsoever and that the first intimation he had of impending danger was when he saw the train was almost upon him as he attempted to drive across the tracks. He said that he swerved the truck and threw on the brakes, saving himself from a direct crash, the engine striking the right front wheel and overturning the truck. He managed to extricate himself by the time the train had stopped, which was as soon as they could, he said, and the conductor hurried back to the scene and sent him to Dr. C. A. Searcy, the railroad physician. His injuries were a badly shaken up physical condition and some gashes on the head, arms and legs. Mr. Batten has only words of praise for the H. & T. C. conductor and the courtesies rendered by that official. He will be confined to his home for the next few days but anticipates no serious trouble from the accident.

COTTON RECEIPTS THIS DATE AMOUNT TO 16,698

The following is a report of the cotton receipts at the Bryan warehouses up to and including Saturday night of last week: Farmers' Union Warehouse, 6,700; Lawrence warehouse, 8,791; Eden's warehouse, 40 square bales and 2,334 round bales, which is the equivalent of 1,167 square bales; making a total of 16,698 in the equivalent of square bales.

ANOTHER BIG BARN IS BURNED AT TABOR FROM SOME UNKNOWN CAUSE

(From Friday's Daily)

M. S. Broach, employed by the dry goods firm of J. Gelber & Son, of this city, lost a big 2-story barn on his farm at Tabor last night by fire, according to word reaching the city today. The blaze, which is from some unknown origin, is said to have caused a loss of approximately \$2,000 which was fairly well covered through a leading insurance agency in Bryan. The fire was first noticed by a small boy living on a nearby farm, who happened to be up during the night. The fire must have begun to make headway about 2:30 o'clock this morning. This is but another indication of the possibility—even the probability—of some one in this county setting barns on fire.

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. L. Beason

Everyone Is Involved.

In concluding a discussion on the "cost-plus" proposition, Commissioner Chas. E. Baughman of the State Markets and Warehouse Department says, "Agriculture being fundamental to our other commercial activities in this country, it behooves the merchant, the banker, the railroad manager, the farmer and the manufacturer to co-operatively enter upon a program through which the present economic loss as obtained through the cost-plus plan may be lessened."

Wonderful Program Prepared.

The Third National Club Congress is now in session at Chicago, the program for the week being as follows: "Monday will be International Livestock Day, which will give all the delegates full opportunity to see the educational exhibits at the world's greatest livestock show. Tuesday, December 2, will be Packing House and Stockyards' day. It is then that every delegate will have an opportunity to go through the large packing plants and see the ramifications of the manufacture of meat and the by-products from the live animals. On Tuesday night will occur the grand rally and banquet at the Drake Hotel. In Wednesday, December 3, the new Field Museum will be visited where thousands of wild animals, birds, and relics of past history will be viewed. Later in the day, the Chicago Board of Trade, mail order houses, and Lincoln Park will be visited, the day ending with a banquet, the delegates being guests of the National Livestock Producers' Association. On Thursday the boys and girls will have an opportunity to see how binders and twine are made in the extensive plants of the International Harvester Company, after which a luncheon will be served. In the evening they will be guests of nine railroads at the final banquet at the Sherman Hotel. On this occasion the prize awards of the week will be announced and presented. Immediately after the banquet the club members will go on a special train to the International Amphitheater, where they will parade especially in honor of the Honorable Calvin Coolidge, president of the United States, who will be a guest of honor at the International Livestock Exposition on that day. It is there that delegates will have a chance to see and be greeted by the nation's chief executive." The above program is given that we of Brazos county may have a better idea of the wonderful trip Britten Henderson, of Kurten, poultry club member, winning the Santa Fe trip, is having. What boy will make the trip next year?

Edge Club Record Splendid.

For three years in succession the Edge club record has been submitted to the Extension Service of the A. and M. College of Texas in competition for state championship. In 1922 the club won first place. In 1923, while a much finer record, the club lost to Mason county by the small margin of 19-28 of one per cent. The fate of the record for 1924 is now in the hands of the judges. But whatever the outcome is, let it be said to the credit of that Club and the Edge people, who have backed them up, they have wrought well. For five long days we have observed the faithful and efficient secretary, Miss Norma Ruth Hill, checking reports from all records submitted to her by the boys and girls of her club, and never a murmur or word of complaint was heard. Her adult club leader, P. S. Mangum, is the peer of any club leader in Texas. Some days ago the county agent accused Mangum of being "crazy" because of some college experienced

defeat some college experienced player. They picked the best material they could find but in vain, for the Yellow Jackets took the second game also, but the margin was much closer. In describing the rangy Reynolds, Colson said, "Every athlete is familiar with Tiny Keen, who was with A. & M. College for a time. This man, Reynolds, could have licked syrup from his head, standing flat-footed." However, though in size the two teams resembled Mutt and Jeff in numbers of five each, the Yellow Jackets discarded size and fought to win and did.

Training in Home Fields.

National Club News quotes Secretary of Agriculture Howard M. Gore as saying, "The leaders of the international have seen the most fundamental thing in all the improvement of country life—the training of boys and girls to make them better farmers and home makers."

Milligan Club Pushing Edge.

The Milligan boys' and girls' club has sent in a fine record of work this year, the report showing profits totaling more than \$700 for the year. Miss Lillian Mills, president, and Miss Janey Ward, secretary, acting under the adult leadership of Mrs. Vada Simpson, are to be congratulated on the fine showing the club has made. With the training they have and with the enthusiasm of that bunch of boys and girls, we predict a year of outstanding achievement for them in 1925. That bunch got tired of hearing so much about Tabor once. You know what happened. Lookout, Edge!

Paper Shell Pecan Possibilities.

A short time ago Dean E. J. Kyle of the A. and M. College gathered 20 pounds of paper shell pecans from a tree top-worked in 1917. The nuts from this small tree were worth 60 to 75 cents per pound, so it is easy to see that even a small orchard bearing such pecans as these would be a fine source of revenue that many farmers in Brazos county might enjoy. Charlie Merka, Henry Kurten, Jesse Wilson and a few others are getting ready for this new enterprise.

Another New Farm Home.

Among the many new farm homes being built in Brazos county is that of Ed Schram of the Tabor community. Mr. Schram is building his new farm home on the old Ganaway place recently purchased from M. F. Jansky. Mr. Schram is one of the most successful farmers in the county, and such improvements as he and others are making bespeak a better day for agriculture.

Eberstadt Is Most Popular.

Nobody has done more to create a friendly spirit between town and country people than Sam E. Eberstadt, secretary of the Bryan Chamber of Commerce, and the complimentary Thanksgiving turkeys rolling into "Sam's" home about Thanksgiving time attest the high esteem in which he is held by the rural people of Brazos county. A splendid service duly appreciated, Sam. "May his tribe increase."

Farmers' Single-Track Mind.

The farming industry is probably handicapped more than any other by men with single-track minds who refuse to change their system of farming to meet changing conditions. The industry is handicapped because this class of farmers, while not in the majority, are numerous enough to increase production at a loss to themselves, and lower prices to those who produce more intelligently. They are a handicap because they lower the general average of farmers as a class, reduce class efficiency, and give the industry a low rating that it deserves. The quicker such men are induced to join the workers in the city, the better it will be for themselves and those they leave behind. Increasing the number of consumers by decreasing the number of producers never resulted in lower prices for the necessities of life.—Editorial in Farm and Ranch.

EVEN EXPERIENCED COLLEGE MEN COULD NOT BEAT FAST TABORITES

The Tabor high school "Yellow Jackets" have returned from their tour of East Texas to meet basketball teams of that section to gain experience and training for participation in the race for the Interscholastic League basketball pennant, have returned without encountering defeat and having won both games which they played, though having hard-fought contests, the second game being a tie at the close and requiring an extra five minutes of play to settle the result. They played some real "ringers" in the game, the opposing team having two players of two years' experience each at Southwestern University.

The following report of the game has been received by Coach W. G. Colson, principal of the Tabor school, who accompanied the team on its trip and carefully checked the work of his individual players in order to learn weaknesses and build up a better team than the splendid one he already has on the court.

"The Tabor boys left Wednesday night at 9:30 and reached White House at 3:30 p. m. Thursday. At 4:30 they were playing a mixed team of several towns. The whistle blew and in three seconds, Sam Walker broke through the strong defense and registered two points for the Yellow Jackets. Reynolds, Southwestern center for two years, received the ball in two feet of the goal and jumped about two feet about the hoop and dropped the ball through for two points for the Outlaws. Sherman Walker, after a delayed play, registered two points for the Yellow Jackets.

"Travel-Weary Team. The Outlaws ran their score up to six points in the first half when the Tabor boys made 13 in the same period. The second half opened with Perry slipping through the Yellow Jackets defense for two points. Reynolds again received the ball near

the goal and the score was 8 to 13. At center it was as useless for Conrad to slap the ball as it is for a bald-headed man to try to comb his hair. The Yellow Jackets, realizing this, changed their play a little. Breaking through the latter registered three goals in a minute's play. The Outlaws took time out to consider the matter and plan a defense. The third quarter ended with the score 18 to 9.

"The Yellow Jackets began to feel the effects of their long auto trip in the final quarter and slacked up a bit while the Outlaws came on even stronger. Cooper was sent in for Sherman Walker and Locke for Brooch. The Outlaws had the last quarter in their hands, making 13 points to the Yellow Jackets' 7. Walker and Brooch were sent back in the game in the last two minutes of play. In the last minutes of play the score was 21 to 24. The Yellow Jackets were killing time and some one cried out to rush them. The Outlaws made a grand rush which cost them two points. Sherman Walker passed the ball the length of the field to Sam Walker and he registered the last two points of the game. The final score was: Yellow Jackets of Tabor, 26; Outlaws, 21."

Second With Frankston. Principal Colson said that the second game was entirely different from the first one. It was supposed to have been played with the Frankston team but they met almost the same line-up as on the previous day, the changes being only when better men were substituted. It looked a little cloudy for Tabor, he said, when Reynolds, the long, tall, rangy Southwestern player loomed into sight in company with another college mate to help him. Revenge burned in the easterners hearts, said Colson. It was a bitter pill to swallow that the Little Tabor school boys should come over to East Texas and

BENCHLEY BUDGE!

(Special to Bryan Daily Eagle.)

BENCHLEY, Dec. 3.—We are having some warm weather after our northern of last week.

Jesse Peyton and wife of Bremond spent Sunday with homefolks. H. B. Armstrong and family and Jim Armstrong and wife of Bishopville spent Sunday with S. R. Rice and family.

Herbert Henry, Tom and George Burkhalter and Curtis Elliott, Misses Lois, Eula and Ola Henry, Louise Broach, Helen Dowling, Jewell and Udell Rudesell and Jewell Hudspeth of Tabor made a flying trip to Benchley Saturday night.

J. H. Dishroon and family of Belaire spent Thanksgiving with their daughter, Mrs. Henry Haltom, and family.

Bill Peyton of Sutton was in our midst Sunday.

Winnifred Carroll and family of Bryan passed through here Sunday.

Mrs. S. R. Rice and children of Tabor spent the week-end at home. Mrs. R. L. Jones of Steep Hollow was called to the bedside of her sister, Miss Mary Peyton, who is very sick.

Mrs. W. S. Jordan and children of Dallas returned home after visiting friends here.

Miss Lila Moss of Sutton spent the week-end here with her sister, Mrs. Will Winstead and family.

Miss Lucille Winstead made a flying trip to Hearne Saturday.

Gus Bade attended the A. and M. University ball game at Austin Thanksgiving day.

HARVEY HAPPENINGS

(Special to Bryan Daily Eagle.)

HARVEY, Dec. 3.—Thanksgiving Day passed with but little notice as far as we learned. A few attended the big game at Austin. Mr. and Mrs. Will Jones, had a family reunion Thanksgiving evening to supper. Mr. and Mrs. Bailey Barron and children were guests of Dr. and Mrs. J. C. Davidson for Thanksgiving dinner.

Mr. and Mrs. John Pate had as their guests their son, Walter, his wife and infant son, Walter Edwin from Port Arthur. They will remain a week or two yet.

Mrs. R. G. Gamble of Dallas is visiting her parents, Mr. and Mrs. John Pate this week.

Dr. and Mrs. J. C. Davidson had a narrow escape when the latter ditched his car Sunday afternoon. They were coming down a sandy slope just beyond the old Buchanan home and seeing another car approaching, tried to pass a culvert before the other car reached it, because it was so narrow, failing in this they steered their way to the right for fear they would run into them and before they realized their danger, into the ditch they went. The car turning over on its side. They were not going fast though and the car turned over so easily. Mrs. Davidson was not even jarred. The doctor, though who was on the right of her was considerably bruised by her weight being thrown against him. There was not a thing broken but the cast-iron catch that raises the window. In less than five minutes, at least a dozen men were there, who turned it up, pushed it up the embankment and they got in it and drove home. They were so grateful to their friends who helped so willingly, and made them feel more than ever, that one of the greatest things to be thankful for are kind and sympathetic friends.

WHEELOCK WHIMS

(Special to Bryan Daily Eagle.)

WHEELOCK, Dec. 4.—Thanksgiving is over and everybody seemed to have a lot of things to be thankful for, judging from the attendance at the turkey dinner served on the school campus last Thursday. The church was profusely decorated with corn, vegetables and other products representative of the season's harvest. The Thanksgiving service con-

sisted of several short talks and musical numbers. The principal address was given by Dr. Evans, well-known Mason, of Waco. His talk gave full proof of the popular remark that "Dr. Evans always has something to say."

Not only did he stress the need for Thanksgiving but he brought out some good points on loyalty in the Master's service. Following Dr. Evans was John Thompson of this community who gave a splendid address on "The Call to Service."

Miss Esther Anderson, of the faculty, whose home is in Austin, went back into the history of Thanksgiving in an interesting talk of some twenty minutes. Her remarkable talent as an orator featured Miss Anderson's address, and was indeed excellent. Rev. G. C. House, local Methodist pastor, was in charge of the program, and after dismissing the audience he directed them to the school grounds, where the plenteous turkey dinner was served. The afternoon was spent in a very entertaining manner. Three ball games were played and enjoyed by the usual number of spectators.

The young folks enjoyed a party at the home of Mr. and Mrs. Andrew Spiller on Thursday night. W. G. Curry, Jr., of Bremond, spent the holiday with home folks here.

Lynn Gilstrap, who is attending Baylor University at Waco came home Thursday night to spend the week-end.

We regret to report that Mr. and Mrs. T. G. Duncan are going to move away. Mr. Duncan having sold his store to B. E. Peeler, who now has charge of the business.

Henry Ellison entertained his many friends Monday night with a farewell party at the home of his parents, Mr. and Mrs. Joe Ellison. Popular games were played until 11 o'clock, when confectations were served. The Ellisons are moving to Boone Prairie and while we regret to lose them from our midst, we wish them joy in their new home.

KURTEN COMMUNITY CLUB TO HOLD CLUB MEETING ON NEXT SATURDAY NIGHT

Next Saturday night, December 6, the first Saturday night in the month, is the regularly scheduled meeting night for the Kurten Community Club. While no word has been received from Kurten in regard to the program, it is generally understood that Kurten puts on a good one every meeting night, with a large attendance on hand to witness and to take a part. The meeting will be held on schedule providing the weather does not intrude, and Bryan people are cordially invited to come out and visit this live community club.

County Agent C. L. Beason left today for Edge to conduct terracing demonstrations for Ollie Orr, Tom Elliott, Ernest Moore, J. D. George and others. He will remain at Edge over night and return to Bryan Thursday by way of Reliance where he will hold a club meeting of boys and girls in the afternoon.

BOYS AND GIRLS CLUB DEPARTMENT
Club Notes and Farm News by County Agent C. L. Beason

Everyone Is Involved.

In concluding a discussion on the "cost-plus" proposition, Commissioner Chas. E. Baughman of the State Markets and Warehouse Department says, "Agriculture being fundamental to our other commercial activities in this country, it behooves the merchant, the banker, the railroad manager, the farmer and the manufacturer to co-operatively enter upon a program through which the present economic loss as obtained through the cost-plus plan may be lessened."

Wonderful Program Prepared.

The Third National Club Congress is now in session at Chicago, the program for the week being as follows: "Monday will be International Livestock Day, which will give all the delegates full opportunity to see the educational exhibits at the world's greatest livestock show. Tuesday, December 2, will be Packing House and Stockyards' day. It is then that every delegate will have an opportunity to go through the large packing plants and see the ramifications of the manufacture of meat and the by-products from the live animals. On Tuesday night will occur the grand rally and banquet at the Drake Hotel. In Wednesday, December 3, the new Field Museum will be visited where thousands of wild animals, birds, and relics of past history will be viewed. Later in the day, the Chicago Board of Trade, mail order houses, and Lincoln Park will be visited, the day ending with a banquet, the delegates being guests of the National Livestock Producers' Association. On Thursday the boys and girls will have an opportunity to see how binders and twine are made in the extensive plants of the International Harvester Company, after which a luncheon will be served. In the evening they will be guests of nine railroads at the final banquet at the Sherman Hotel. On this occasion the prize awards of the week will be announced and presented. Immediately after the banquet the club members will go on a special train to the International Amphitheater, where they will parade especially in honor of the Honorable Calvin Coolidge, president of the United States, who will be a guest of honor at the International Livestock Exposition on that day. It is there that delegates will have a chance to see and be greeted by the nation's chief executive." The above program is given that we of Brazos county may have a better idea of the wonderful trip Britten Henderson, of Kurten, poultry club member, winning the Santa Fe trip, is having. What boy will make the trip next year?

Edge Club Record Splendid.

For three years in succession the Edge club record has been submitted to the Extension Service of the A. and M. College of Texas in competition for state championship. In 1922 the club won first place. In 1923, while a much finer record, the club lost to Mason county by the small margin of 19-28 of one percent. The fate of the record for 1924 is now in the hands of the judges. But whatever the outcome is, let it be said to the credit of that Club and the Edge people, who have backed them up, they have wrought well. For five long days we have observed the faithful and efficient secretary, Miss Norma Ruth Hill, checking reports and making up her annual report from all records submitted to her by the boys and girls of her club, and never a murmur or word of complaint was heard. Her adult club leader, P. S. Mangum, is the peer of any club leader in Texas. Some days ago the county agent accused Mangum of being "crazy" because of so much time being spent on the report, but it was all taken back and apologies made when the record was presented in "full dress." More to come later.

Training in Home Fields.

National Club News quotes Secretary of Agriculture Howard M. Gore as saying, "The leaders of the International have seen the most fundamental thing in all the improvement of country life—the training of boys and girls to make them better farmers and home makers."

Millikan Club Pushing Edge.

The Millikan boys' and girls' club has sent in a fine record of work this year, the report showing profits totaling more than \$700 for the year. Miss Lillian Mills, president, and Miss Janey Ward, secretary, acting under the adult leadership of Mrs. Vada Simpson, are to be congratulated on the fine showing the club has made. With the training they have and with the enthusiasm of that bunch of boys and girls, we predict a year of outstanding achievement for them in 1925. That bunch got tired of hearing so much about Tabor once. You know what happened. Lookout, Edge!

Paper Shell Pecan Possibilities.

A short time ago Dean E. J. Kyle of the A. and M. College gathered 20 pounds of paper shell pecans from a tree top-worked in 1917. The nuts from this small tree were worth 60 to 75 cents per pound, so it is easy to see that even a small pecan orchard bearing such pecans as these would be a fine source of revenue that many farmers in Brazos county might enjoy. Charlie Merka, Henry Kurten, Jesse Wilson and a few others are getting ready for this new enterprise.

Another New Farm Home.

Among the many new farm homes being built in Brazos county is that of Ed Schram of the Tabor community. Mr. Schram is building his new farm home on the old Ganaway place recently purchased from M. F. Lonsby. Mr. Schram is one of the most successful farmers in the county, and such improvements as he and others are making bespeak a better day for agriculture.

Eberstadt Is Most Popular.

Nobody has done more to create a friendly spirit between town and country people than Sam E. Eberstadt, secretary of the Bryan Chamber of Commerce, and the complimentary Thanksgiving turkeys rolling into "Sam's" home about Thanksgiving time attest the high esteem in which he is held by the rural people of Brazos county. A splendid service duly appreciated, Sam. "May his tribe increase."

Farmers' Single-Track Mind.

The farming industry is probably handicapped more than any other by men with single-track minds who refuse to change their system of farming to meet changing conditions. The industry is handicapped because this class of farmers, while not in the majority, are numerous enough to increase production at a loss to themselves, and lower prices to those who produce more intelligently. They are a handicap because they lower the general average of farmers as a class, reduce class efficiency, and give the industry a low rating that it deserves. The quicker such men are induced to join the workers in the city, the better it will be for themselves and those they leave behind. Increasing the number of consumers by decreasing the number of producers never resulted in lower prices for the necessities of life.—Editorial in Farm and Ranch.

EVEN EXPERIENCED COLLEGE MEN
COULD NOT BEAT FAST TABORITES

The Tabor high school "Yellow Jackets" have returned from their tour of East Texas to meet basket ball teams of that section to gain experience and training for participation in the race for the Interscholastic League basket ball pennant, have returned without encountering defeat and having won both games, which they played, though having hard-fought contests, the second game being a tie at the close and requiring an extra five minutes of play to settle the result. They played some real "ringers" in the game, the opposing team having two players of two years' experience each at Southwestern University.

The following report of the game has been received by Coach W. G. Colson, principal of the Tabor school, who accompanied the team on its trip and carefully checked the work of his individual players in order to learn weaknesses and build up a better team than the splendid one he already has on the court.

"The Tabor boys left Wednesday night at 9:30 and reached White House at 3:30 p. m. Thursday. At 4:30 they were playing a mixed team of several towns. The whistle blew and in three seconds, Sam Walker broke through the strong defense and registered two points for the Yellow Jackets. Reynolds, Southwestern center for two years, received the ball in two feet of the goal and jumped about two feet about the hoop and dropped the ball through for two points for the Outlaws. Sherman Walker, after a delayed layup, registered two points for the Yellow Jackets.

Travel-Weary Team.
"The Outlaws ran their score up to six points in the first half when the Tabor boys made 13 in the same period. The second half opened with Perry slipping through the Yellow Jackets defense for two points. Reynolds again received the ball near

the goal and the score was 8 to 13. At center it was as useless for Conrad to slap the ball as it is for a bald-headed man to try to comb his hair. The Yellow Jackets, realizing this, changed their play a little. Breaking through the latter registered three goals in a minute's play. The Outlaws took time out to consider the matter and plan a defense. The third quarter ended with the score 18 to 9.

"The Yellow Jackets began to feel the effects of their long auto trip in the final quarter and slacked up a bit while the Outlaws came on even stronger. Cooper was sent in for Sherman Walker and Locke for Broach. The Outlaws had the last quarter in their hands, making 13 points to the Yellow Jackets' 7. Walker and Broach were sent back in the game in the last two minutes of play. In the last minutes of play the score was 21 to 24. The Yellow Jackets were killing time and some one cried out to rush them. The Outlaws made a grand rush which cost them two points. Sherman Walker passed the ball the length of the field to Sam Walker and he registered the last two points of the game. The final score was: Yellow Jackets of Tabor, 26; Outlaws, 21."

Second With Frankston.
Principal Colson said that the second game was entirely different from the first one. It was supposed to have been played with the Frankston team but they met almost the same line-up as on the previous day, the changes being only when better men were substituted. It looked a little cloudy for Tabor, he said, when Reynolds, the long, tall, rangy Southwestern player loomed into sight in company with another college mate to help him. Revenge burned in the easterners hearts, said Colson. It was a bitter pill to swallow that the little Tabor school boys should come over to East Texas and

defeat some college experienced player. They picked the best material they could find but in vain, for the Yellow Jackets took the second game also, but the margin was much closer. In describing the rangy Reynolds, Colson said, "Every athlete is familiar with Tiny Keen, who was with A. & M. College for a time. This man, Reynolds, could have licked syrup from his head, standing flat-footed." However, though in size the two teams resembled Mutt and Jeff in numbers of five each, the Yellow Jackets discarded size and fought to win and did.

The Game Is On.

"The whistle blew and big Reynolds broke through for a field goal. The same thing happened in the next minute's play. The Yellow Jackets realized that something must be done and done quickly. They put about three men on big Reynolds. The game changed a good deal. The Yellow Jackets came back and made two field goals. The quarter ended with the score tied, 4 to 4. The Outlaws came back a little tighter, making three field goals and holding the Yellow Jackets to a standstill. The second quarter ended with the Outlaws leading with six points, the score being 10 to 4. The third quarter started with big Reynolds repeating his slogan, "We can't loosen up boys, get tighter!" But the third period was a little different. The Yellow Jackets realized that it was a fight throughout the game. They tightened up on defense, worked short passes and tied the score in a very few minutes.

Last Period Is Peppy.

The Yellow Jackets made 8 points in the third period to their opponents' two. The last period found both teams playing strong defensive ball. It was rather rough. The Yellow Jackets, after being held closely for the first few minutes, began to shine in the plays. Cooper had to be taken out on account of a severe blow on the nose. Wilson was sent in. Sam Walker who had retired from the game in the third period was sent back in during the last few minutes of play. The whistle at the end of the game found the score tied, 14 to 14. An extra five minutes was to be played to untie the knot. The Yellow Jackets went in with a stronger fight than ever. In thirty seconds after the 5-minute period started, the score was broken when Sam Walker slipped through the strong defense of the big huskies had formed and made the winning goal. Then the purple and gold went on defensive and held the Frankston team scoreless, the game ending 16 to 14 in favor of Tabor.

Players for Tabor were: Sherman Walker, Sam Walker, Conrad, Wilson, Broach, Cooper and Locke.

KURTEN KLIPPINGS

KURTEN, Dec. 3.—Well Thanksgiving is over, and we are glad that nobody got sick after eating those good turkeys and other good things.

Mr. and Mrs. Richard Utecht of Cleveland spent Thanksgiving with Mr. and Mrs. Aug. Schmidt.

Mr. and Mrs. John Sabo and family went to Edge last Thursday.

Ernest Marau celebrated his 94th birthday the 28th of November. He was happy to see his great-grandchildren and to receive a number of gifts from them. Mrs. Conrad and children, Doris Mae and Harold motored out from Bryan to be with him. Mr. Marau is making his home with Mr. and Mrs. August Prinzel and is in good health and enjoying the fresh country air.

Last Wednesday Mr. and Mrs. Walter Lawless and children, Marvin, Ervin, Erlene and Linne, motored to Houston to spend Thanksgiving with relatives and friends.

Mr. and Mrs. Joe Dutch and children of A. and M. College spent Sunday evening with Mr. and Mrs. Philip Endler.

Pete Beyer and Louis Opersterny attended the dance at Tintop Saturday night.

Mr. and Mrs. A. B. Brewer are the proud parents of a baby girl.

Mrs. S. R. Rice and children of Tabor spent the week-end at home. Mrs. R. L. Jones of Steep Hollow was called to the bedside of her sister, Miss Mary Peyton, who is very sick.

Mrs. W. S. Jordan and children of Dallas returned home after visiting friends here.

Miss Lila Moss of Sutton spent the week-end here with her sister, Mrs. Will Winstead and family.

Miss Lucille Winstead made a flying trip to Hearne Saturday.

Gus Bade attended the A. and M. University ball game at Austin Thanksgiving day.

HARVEY HAPPENINGS

(Special to Bryan Daily Eagle).

HARVEY, Dec. 3.—Thanksgiving Day passed with but little notice as far as we learned. A few attended the big game at Austin. Mr. and Mrs. Will Jones, had a family reunion Thanksgiving evening to supper.

Mr. and Mrs. Bailey Barron and children were guests of Dr. and Mrs. J. C. Davidson for Thanksgiving dinner.

Mr. and Mrs. John Pate had as their guests their son, Walter, his wife and infant son, Walter Edwin from Port Arthur. They will remain a week or two yet.

Mrs. R. G. Gamble of Dallas is visiting her parents, Mr. and Mrs. John Pate this week.

Dr. and Mrs. J. C. Davidson had a narrow escape when the latter ditched his car Sunday afternoon. They were coming down a sandy slope just beyond the old Buchanan home and seeing another car approaching, tried to pass a culvert before the other car reached it, because it was so narrow, failing in this they steered their way to the right for fear they would run into them and before they realized their danger, into the ditch they went. The car turning over on its side. They were not going fast though and the car turned over so easily. Mrs. Davidson was not even jarred. The doctor, though who was on the right of her was considerably bruised by her weight being thrown against him. There was not a thing broken but the cast-iron catch that raises the window. In less than five minutes, at least a dozen men, were there, who turned it up, pushed it up the embankment and they got in it and drove home. They were felt grateful to their friends who heped so willingly, and made them feel more than ever, that one of the greatest things to be thankful for are kind and sympathetic friends.

WHEELOCK WHIMS

(Special to Bryan Daily Eagle).

WHEELOCK, Dec. 4.—Thanksgiving is over and everybody seemed to have a lot of things to be thankful for, judging from the attendance at the turkey dinner served on the school campus last Thursday. The church was profusely decorated with corn, vegetables and other products representative of the season's harvest. The Thanksgiving service con-

sisted of several short talks and musical numbers. The principal address was given by Dr. Evans, well-known Mason, of Waco. His talk gave full proof of the popular remark that "Dr. Evans always has something to say." Not only did he stress the need for Thanksgiving but he brought out some good points on loyalty in the Master's service. Following Dr. Evans was John Thompson of this community who gave a splendid address on "The Call to Service." Miss Esther Anderson, of the faculty, whose home is in Austin, went back into the history of Thanksgiving in an interesting talk of some twenty minutes. Her remarkable talent as an orator featured Miss Anderson's address, and was indeed excellent. Rev. G. C. House, local Methodist pastor, was in charge of the program, and after dismissing the audience he directed them to the school grounds, where the plenteous turkey dinner was served. The afternoon was spent in a very entertaining manner. Three ball games were played and enjoyed by the usual number of spectators.

The young folks enjoyed a party at the home of Mr. and Mrs. Andrew Spiller on Thursday night.

W. G. Curry, Jr., of Bremond, spent the holiday with home folks here.

Lynn Gilstrap, who is attending Baylor University at Waco came home Thursday night to spend the week-end.

We regret to report that Mr. and Mrs. T. G. Duncan are going to move away, Mr. Duncan having sold his store to B. E. Peeler, who now has charge of the business.

Henry Ellison entertained his many friends Monday night with a farewell party at the home of his parents, Mr. and Mrs. Joe Ellison. Popular games were played until 11 o'clock, when confections were served. The Ellisons are moving to Boone Prairie and while we regret to lose them from our midst, we wish them joy in their new home.

KURTEN COMMUNITY CLUB TO HOLD CLUB MEETING ON NEXT SATURDAY NIGHT

Next Saturday night, December 6, the first Saturday night in the month, is the regularly scheduled meeting night for the Kurten Community Club. While no word has been received from Kurten in regard to the program, it is generally understood that Kurten puts on a good one every meeting night, with a large attendance on hand to witness and to take a part. The meeting will be held on schedule providing the weather does not intrude, and Bryan people are cordially invited to come out and visit this live community club.

County Agent C. L. Beason left today for Edge to conduct terracing demonstrations for Ollie Orr, Tom Elliott, Ernest Moore, J. D. George and others. He will remain at Edge over night and return to Bryan Thursday by way of Reliance where he will hold a club meeting of boys and girls in the afternoon.
